

Get a *Running Start* on college, while finishing high school.

What Is Project Running Start?

Running Start is a partnership between the Community Colleges of NH and high schools to give students an opportunity to take college courses while also completing the requirements for high school graduation. Last year, over 4,000 high school students enrolled in CCSNH college courses offered at more than 70 participating NH high schools. CCSNH courses are not extra classes taken before or after school. They are part of the daily class schedule at your high school.

How Can Project Running Start Help Me?

- Gain experience in college-level work and expectations.
- Receive college and high school credit.
- Earn college credits at a fraction of the cost of college tuition.
- Earn college credits that may be transferred to many other two-year and four-year colleges across the country.
- Running Start students who apply to CCSNH degree programs will have their application fee waived.

What Does It Cost?

Tuition is \$100 per course, plus books and supplies if not provided by the high school. Scholarships are available for students with a financial need.

Are There Assessment Tests?

Assessment tests, if required, are offered at the college or high school for a nominal fee.

Participating High Schools

A.G.A.P.E. Home School Association	John Stark Regional High School	Pinkerton Academy
Alvirne High School	Kearsarge Regional High School	Pittsburg High School
Bedford High School	Keene High School	Pittsfield High School
