A 3rd Party Electrical Inspector is a person approved to perform electrical inspections on new, newly modified, existing, or temporary electrical installations to certify compliance with the most currently adopted edition of NFPA 70, the National Electrical Code (NEC), in New Hampshire, along with any adopted local ordinances. A person who conducts residential electrical inspections for up to four contiguous units is considered a Level 1 inspector, and a person who conducts electrical inspections for buildings of all types is considered a Level 2 inspector.
