

Insurance Adjuster

Study insurance claims to see whether clients' policies cover them for particular losses and determine the amount of loss suffered. Talk with claimants to try to settle claims and may approve payments to them. Use reports, physical evidence, and witnesses' reports to investigate claims. Some workers travel to gather information about claims, while others work mostly at their desks. Many insurance adjusters specialize in a certain type of claim, such as auto, home, property damage or loss, or workers' compensation.

Legislation

Statute: NH RSA 402-B
Administrative Rules: Chapter Ins 1300

Licensure Requirements

- Must be of good moral character
- Must state age, sex, domicile, line or lines of insurance for which the applicant desires a license, and a place of business of the applicant

Examination

Written examination required. Examinations are administered for the Department by Prometric. A separate examination fee is payable to Prometric. Exams may not be scheduled until the registration process is complete. Registration is electronic and links are available on the Department's web site.

Continuing Education

Continuing education of 24 credits including at least three but not more than ten credits in ethics are required for renewal. Continuing education credits must be completed at least 60 days prior to the license expiration date.

Reciprocity

Non-residents permitted, as long as applicant has been engaged in business for at least six months or is licensed in their home state
