Acknowledgments

This handbook was prepared by the Economic and Labor Market Information Bureau of New Hampshire Employment Security. We are indebted to the regulatory boards, agencies, and individuals who provided the information essential to this handbook. Without their cooperation and willingness to answer many questions, this publication would not be possible. We would also like to sincerely thank Ms. Pam Smarling, *New Hampshire House Committee Researcher*, for her assistance in identifying legislation that affects occupational licensing.

The following agency personnel were instrumental in the preparation of this material for the printed publication and information posted on the bureau web site:

Annette Nielsen, Economist

Michael Argiropolis, *Labor Market Analyst*

Deborah Dunn, *Informational/Website Representative*

Douglas Hamer, *Supervisor of Reproduction*

Mark Robinson, *Design Drafter*

Introduction

Licensed, Certified, and Registered Occupations in New Hampshire provides information about occupational licenses, certifications, or registrations issued by State boards, commissions, and departments. This handbook is the only compilation of information on occupational licensing in New Hampshire, but is not intended to replace detailed information available from regulatory authorities.

Information in this publication was reviewed by respective regulatory authorities during the fall of 2017. All information presented herein is subject to change at any time. Readers are urged to contact the appropriate authority to verify qualifications, requirements and fees.

Although every attempt was made to list all occupations with licensure, certification, or registration requirements in the State of New Hampshire, some occupations may have been overlooked. Some occupations that do not have specifically defined regulations are listed in the appendices, including agricultural occupations.

Occupations listed in this handbook are referenced in the State of New Hampshire Revised Statutes Annotated (RSA) as allowing an individual to practice or to declare themselves qualified only when specific requirements are met. Details of qualifications, requirements, and fees may be outlined in either the RSA or the administrative rules; applicants should review both for complete information.

In addition to state government requirements, there are references to providers of examinations, educational program approval, and professional organizations. Inclusion of this information is intended to provide readers with a convenient resource for research, but in no way constitutes an endorsement for any organization; nor is the list all-inclusive.

Not included in this handbook are licenses issued by municipalities; business activity licenses, such as those for food service establishments; business name registrations, which are issued by the New Hampshire Secretary of State; or licenses issued by Federal government agencies such as the Federal Aviation Administration (FAA) or the Federal Communications Commission (FCC).

The Economic and Labor Market Information Bureau does not collect or distribute information on individual license holders. Neither does the Bureau provide recommendations for services by any individual licensees or businesses.

The State of New Hampshire does host an online licensing verification system that allows access to public information regarding a licensed individual or facility. Verified licensees in a limited number of occupations are available through this system. For more information, go to <http://nhlicenses.nh.gov/home/>.

Information from this handbook is also available on the Economic and Labor Market Information Bureau's web site, www.nhes.nh.gov/elmi.

Recent Changes

As of the end of the 2017 New Hampshire legislative session, the following additional occupational regulation has been signed into law.

RSA 328-J:1 Establishes licensing of Medical Imaging and Radiation Therapy professions including Radiation Therapists, Radiographers, Radiologists, Radiologist Assistants, and Sonographers. As of December 2017, further rules have not been promulgated.

Terminology

The terminology used in occupational regulations can be confusing. The terms *license* and *certification* are frequently interchangeable, and the term *certification* is also used to describe a *registration*. Regardless, these terms are typically defined as follows.

License

Licensing is generally used to describe the most restrictive method of regulation, requiring any person earning a living in the occupation to obtain permission from a government agency designated by law. To qualify for a license, applicants usually must meet requirements including completing an approved educational program, attaining a specific amount of work-related experience, pass an examination, have reached a specific age, provide proof of professional character, and pay a fee.

Certification

Generally, this term relates to use of title by a professional. In some cases, anyone may engage in the occupation but may not claim to be certified without meeting requirements and obtaining permission from a government agency. In other cases, certification is a title granted by a professional association indicating that certain requirements have been met, but there may be no legal requirement for certification. Applicants for certification usually must meet educational or experience requirements, pass an examination, and pay a fee.

Registration

Registration is usually the least restrictive type of regulation. In some cases, registration is voluntary. Applicants engaging in the occupation may be required to submit an application for placement on an official roster maintained by the regulatory agency. Requirements for registration are usually less than those required for certification or licensure, and may include evidence of residence, character references or similar documentation, and payment of a fee.

In addition to licensure, certification, and registration, there are a number of other terms used in this publication to describe regulated occupations and professions.

Administrative Rules

Administrative rules are regulations, standards or other statement of general applicability adopted by an agency to (a) implement, interpret or make specific a statute enforced or administered by such agency, or (b) prescribe or interpret an agency policy, procedure or practice requirement binding on persons outside the agency, whether members of the general public or personnel in other agencies. Rules have the force of law if validly adopted and filed. Unless specifically exempted by statute, New Hampshire agency rules must be adopted and then filed according to a rulemaking process contained in the Administrative Procedure Act, RSA 541-A, with oversight by the Joint Legislative Committee on Administrative Rules (JLCAR).

Terminology (continued)

Reciprocity or Endorsement

Some occupational regulations allow reciprocity or endorsement, which is recognition of the validity of licenses or privileges granted by some other state or jurisdiction as acceptable for licensure in this state. Usually requirements in the other state or jurisdiction must be equal to or more stringent than requirements in this state, or a reciprocal agreement must be in place. Payment of a fee or passing an exam is frequently required in addition to proof of licensure. Applicants may also be required to submit proof of active employment for a specified period of time, or report any prior disciplinary action.

O*Net

O*Net is an occupational classification system that includes detailed analysis of occupational work duties, knowledge, skills, and abilities. O*Net is maintained as an electronic dictionary, allowing it to be fluid and constantly changing and making current information more readily available. O*Net occupational coding is based on the Standard Occupational Classification (SOC) system. For more information about the O*Net classification, go to <www.onetonline.org>.

Related Training

Listed related training uses titles from the Classification of Instructional Programs. This taxonomy identifies educational programs by describing subject matter and curricular activities. The CIP was developed by the US Department of Education's National Center for Education Statistics to support accurate tracking, assessment, and reporting of fields of study and program completions activity. Correlation of programs and occupations assists in identification of training that may be used to attain educational requirements. For more information on the CIP, go to <www.nces.ed.gov/ipeds/cipcode>.

Accountant, Certified Public

Audit, review or compile financial statements and prepare reports. The purpose of such an audit is to determine if the records are kept in accordance with generally accepted accounting principles. They also may be involved with a client in preparing financial statements. Other work of accountants may include preparation of income tax forms, providing tax advice, estate planning, reviewing accounting systems and internal controls, and other special assignments requested by the client.

Legislation

Statute: NH RSA 309-B

Administrative Rules: Chapter Ac 100 - 500

Certification Requirements

- Must be of good professional character
- A candidate for certification as a CPA in the State of New Hampshire must obtain 150 credits of education, which contains 30 hours of accounting and 24 hours in business, all earned from an accredited university or college. The candidate may sit for the CPA exam with 120 credits and an accounting concentration or equivalent, but must obtain the 150 before applying for the certificate.
- A candidate must have one full year of public accounting experience working under a Certified Public Accountant or Public Accountant, in a public accounting firm, or in government with the 150 hours of credit.
- The public accounting and governmental experience may be earned in a foreign country if the candidate and the experience meet the statutes and rules of this Board. Please contact Board staff for inquiries.

Examination

Exams are computerized and given by CPA Exam Services, National Association of State Boards of Accountancy. Candidates are strongly encouraged to take the exam tutorial and to read the information found in the "Candidate Bulletin." For exam and certification requirements, go to < <https://www.oplc.nh.gov/accountancy/>>. For information on applying for examination, determination of eligibility, exam site appointments, reporting of grades, and other exam procedures, go to < www.nasba.org>, click on Exams, and then click on New Hampshire; contact CPA Exam Services at 1-800-272-3926; or questions may be e-mailed to cpaes-nh@nasba.org.

Continuing Education

For license renewal, a minimum of 120 hours of continuing education is required every three years, including four hours of ethics. A minimum of 20 hours of continuing education must be obtained by June 30th of each year.

Architect

Architects provide professional services or creative work to plan and design structures and buildings, applying knowledge of design, construction procedures, zoning and building codes, and building materials to safeguard the public from hazards such as fire, panic, structural failure, and unsanitary conditions. Consult with clients to determine functional and spatial requirements along with aesthetic considerations. Plan layout of project, prepare scale drawings and contact documents for building contractors. Represent client in obtaining bids and awarding construction contracts. May direct activities of workers preparing drawings and specification documents.

Legislation

Statute: NH RSA 310-A:37
 Administrative Rules: Chapter Arch 100-500

Licensure Requirements

- Be at least 21 years of age and have graduated from an approved high school or its equivalent
- Possess one of the following combinations of professional education and experience:
 1. A National Architectural Accrediting Board or Canadian Architectural Certification Board accredited professional degree in architecture and at least three years of architectural experience in accordance with the National Council of Architectural Registration Boards (NCARB) Handbook for Interns and Architects July 2015 edition;
 2. A four-year pre-professional degree in architecture and at least seven years of architectural experience in accordance with the NCARB Handbook for Interns and Architects July 2015 edition; or
 3. If the candidate has no degree, they must have at least 13 years of architectural experience in accordance with the NCARB Handbook for Interns and Architects July 2015 edition; or
- Completion of the Intern Development Program through the National Council of Architectural Registration Boards (NCARB)
- Each applicant must provide no fewer than five references from unrelated individuals, with at least three being licensed architects having detailed knowledge of the applicant’s architectural experience

Asbestos Abatement Worker

Asbestos Abatement Workers work on asbestos abatement projects under a certified site supervisor who is supervising the project for a licensed asbestos abatement entity. Remove asbestos from ceilings, beams, walls, boilers, and other structures following hazardous waste handling guidelines. Assemble scaffolding, seal off work area, spray chemical solution to soften asbestos, and then scrape asbestos from surfaces. Shovel asbestos into disposal bags and load bag onto truck for removal and disposal.

Legislation

Statute: NH RSA 141-E
 Administrative Rules: Chapter Env-A 1800

Certification Requirements

Must complete either an approved 32-hour asbestos worker training course or a 40-hour asbestos supervisor course

Examination

Written examination consisting of 50 multiple-choice questions attaining a score of 70 percent or greater

Continuing Education

An annual eight-hour refresher course and passing a written examination of 25 multiple-choice questions with a score of 70 percent or greater are required

Reciprocity

Permitted if standards for licensure are substantially equivalent to those of New Hampshire

Asbestos Disposal Site Worker

Asbestos Disposal Site Workers are permitted to disturb asbestos at asbestos disposal sites for a licensed asbestos disposal site contractor. There must be at least one experienced asbestos disposal site worker on site, and there must be at least one experienced, certified asbestos disposal site worker for every five certified asbestos disposal site workers-in-training.

Legislation

Statute: NH RSA 141-E
 Administrative Rules: Chapter Env-A 1800

Certification Requirements

- Must complete a basic training program or combination of programs that cover the basics of asbestos and the health effects associated with asbestos, along with state-of-the-art work practices for disturbing asbestos at asbestos disposal sites, and other topics as specified in the New Hampshire Administrative Rules Part Env-A 1813
- Must read and comprehend all information provided in a document published by the New Hampshire Department of Environmental Services in May 2000, titled Guidance for Managing Asbestos Disposal Sites
- Must have at least 40 hours of work experience at an asbestos disposal site, otherwise the applicant would qualify as an Asbestos Disposal Site Worker-in-Training. An applicant applying for an Experienced Asbestos Disposal Site Worker may substitute up to ten hours of the required 40 hours using one of a combination of work experience at a hazardous waste site or certification as an asbestos abatement worker or supervisor.

Examination

Required—third party written examination consisting of at least 50 multiple-choice questions administered by the Asbestos Control Program, Air Resources Division, Department of Environmental Services; attaining a score of 70 percent or greater

Continuing Education

Annual refresher training self-administered by the certificate holder, and passing a third-party written examination with a score of 70 percent or greater that is designed to test the trainee’s understanding of the information covered by the basic training program, the document entitled Guidance for Managing Asbestos Disposal Sites and current and relevant federal, state, and local regulations

Athlete Agent

Athlete agents are individuals who enter into an agency contract with a student-athlete or, directly or indirectly, recruits or solicits a student-athlete to enter into an agency contract. Individuals who represent to the public that the individual is an athlete agent are included. The following are excluded from registration requirements: spouse, parent, sibling, grandparent, or guardian of the student-athlete; or an individual acting solely on behalf of a professional sports team or professional sports organization.

Legislation

Statute: NH RSA 332-J

Registration Requirements

- Submit application for registration to the Secretary of State
- Pay the registration fee

Examination

Not required

Continuing Education

Not required

Reciprocity

An individual holding a certificate of registration as an athlete agent in another state may submit a verified copy of such certificate or license in lieu of submitting an application in this state. An individual who has submitted an application for registration or licensure as an athlete agent in another state may submit a verified copy of such application which shall be accepted as an application for registration in this state, provided that: the application was submitted in the other state within six months of the date the individual sought to obtain registration in this state and the applicant certifies that the information in the application is current; the application contains information substantially similar to or more comprehensive than that required by an application submitted in this state; and the application was signed by the applicant under penalty of perjury.

Attorney

Advise individuals and businesses on legal matters. Conduct civil and criminal lawsuits, advise clients on their legal rights, draw up documents, and gather evidence to formulate defense or initiate legal action. Prepare legal briefs; develop strategy, arguments, and testimony in preparation for presentation of case. Many attorneys specialize in a branch of law such as corporate, criminal, labor, patent, real estate, tax, or international law. Some help write laws and establish ways to enforce them. A few teach or hold management positions.

Legislation

Statute: NH RSA 311
 Supreme Court Rule: 42

Licensure Requirements

- Must be 18 years of age or older
- Must be of good moral character
- US citizenship is not required, but applicants must be domiciled in the United States
- Complete at least three years toward a Bachelor's degree
- Graduate from a law school approved by the American Bar Association. Note that Massachusetts School of Law is not approved by the ABA. However, the New Hampshire Supreme Court has granted a waiver allowing graduates of these schools who are already members of the Bar in some other state to take the New Hampshire Bar exam.
- Must be a member of the New Hampshire Bar Association and pay annual dues

Examination

Pass the New Hampshire Bar Examination and the Multistate Professional Responsibility Examination (MPRE), or be admitted on motion.

Continuing Education

Twelve credits per year

Reciprocity

Lawyers admitted to the bar in another state or the District of Columbia may be eligible for admission to the New Hampshire Bar on motion without examination

Auctioneer

Auctioneers engage in the business of selling for another real, personal or mixed property by auction. Before an auction begins, auctioneers may decide what articles are worth and arrange them in lots according to type or value. They begin auctions by stating or asking for a starting bid, describing the merchandise and may tell bidders about the history or ownership of items. Ask for bids, and sell such item to the highest bidder. Keep records of the sale and ensure that consignors are properly paid.

Legislation

Statute: NH RSA 311-B
 Administrative Rules: Chapter Auc 100 - 500

Licensure Requirements

- Must be 18 years old by the date of application to the Board
- Recommendations from two individuals with whom the applicant has done past business dealings
- Applicant must file a bond with the Secretary of State in the sum of \$25,000
- Applicants must have one of the following qualifications:
 1. Auction school certificate, with a minimum of 80 hours of instruction, including a minimum of 50 hours in core curriculum subject matter and 30 hours of optional subject matter; plus a written examination, given by the school, with a minimum passing score of 75 percent;
 2. A minimum of six months' apprenticeship over the course of not less than ten auctions under the supervision of a qualified auctioneer;
 3. A certified copy of a valid current auctioneer's license, held by the applicant from any other state whose laws are not sufficient for reciprocity, issued by the appropriate state agency, a letter of good standing from said agency, and an affidavit proving licensure for at least six months and conduct of at least ten auctions within the five year period of time immediately prior to the application; or
 4. License from another state with auctioneer's license requirements which are substantially equivalent to or higher than those of New Hampshire

Barber, Master

Barbers cut, trim, and style hair or beards. Many offer other services such as hair and scalp treatments, face massages, shaves, and shampoos. Master barbers may also color, wave, curl, straighten, or bleach hair, and fit hairpieces. They must keep their scissors, combs, and other instruments clean and in good condition, and also maintain a clean work area. Those who own or manage a shop also order supplies, pay bills, keep records, and hire workers.

Legislation

Statute: NH RSA 313-A:10
 Administrative Rules: Chapter Bar 100 - 500

Licensure Requirements

- Must be of good professional character
- Complete the fourth year of high school or its equivalent
- Receive training of: a minimum of 1,500 hours of training in a school of master barbering licensed by the Board; or a minimum of 3,000 hours distributed over a period of at least 18 months under a licensed barber who has engaged in the practice of barbering within the state for at least two years.
- Pass an examination conducted by the Board
- Pay a fee established by the Board

Examination

Written and practical examination required

Continuing Education

Not required

Reciprocity

Dental Hygienist

Provides educational, clinical, and therapeutic services supporting total health through the promotion of optimal oral health. Responsible for providing treatment that helps to prevent oral disease, including cavities and periodontal disease. This professional is especially knowledgeable about the preventive aspects of dental disease and helps educate patients to improve oral health. They may work in settings such as private dental offices and clinics, public health agencies, hospitals, nursing homes, private industry, or serve as civilian employees of the military.

Legislation

Statute: NH RSA 317-A:7 and NH RSA 317-A:21-e
 Administrative Rules: Chapter Den 100 - 500

Licensure Requirements

- Must be at least 18 years of age
- Must be of good professional character
- High school graduate
- Complete an educational dental hygiene program of at least two years that is recognized by the Commission on Dental Accreditation (CODA)

Certified Public Health Dental Hygienists

- Must have education and training of:
 - A Bachelor’s degree in dental hygiene, with a minimum of 6 hours in community health; or a Master’s degree in public health; or
 - Have obtained a Master’s degree in public health; or
 - Be a registered Dental Hygienist who has successfully completed courses in caries stabilization, evidence based dentistry, infection control in public health settings, medical management in public health dental settings and management of medical records. See Den 302.07 for specific requirements.
- Must have 3,200 hours practice as a dental hygienist, 1,600 hours of which shall be within the two years prior to certification
- Must have qualified in dental sealants pursuant to Den 302.05 if similar training was not received as part of the dental hygiene school curriculum.

Examination

Must pass national and regional examinations acceptable to the Board

Continuing Education

Twenty continuing education units (CEUs) every two years with 15 CEUs in clinical dental hygiene care, including two CEUs in infection control, and successful completion of a basic life support course for health care providers (BLS-HCP), which has a hands-on component.

Dentist

Diagnoses and treats diseases of the oral cavity and adjacent structures. Supervises individuals in the care of the mouth and instructs them in the ways to prevent dental disease. Most practice general dentistry, oral surgery, orthodontics, or periodontics. Some dentists teach in dental schools, do research, conduct dental programs, or serve as military commissioned officers.

Legislation

Statute: NH RSA 317-A:7
 Administrative Rules: Chapter Den 100 - 500

Licensure Requirements

- Graduate of a dental school general dentistry program of at least two years duration accredited by the Commission on Dental Accreditation (CODA) and awarded the degree of DMD or DDS
- A permit and an application fee are required to administer general anesthesia, deep sedation, and moderate sedation (restricted or unrestricted)

Examination

Must pass national and regional examinations acceptable to the Board, unless credentials qualify applicant for licensure

Continuing Education

Forty continuing education units (CEUs) every two years, with 30 CEUs in clinical dental care subjects, including two CEUs in infection control and three CEUs in the area of pain management, addiction disorder or a combination of both or successful completion of an online exam in these areas. Successful completion of a basic life support course for health care providers (BLS-HCP), which has a hands-on component.

Reciprocity

Endorsement certification shall be considered for each applicant who holds a current, unsuspended, unrestricted license to practice dentistry who deposits with the Board the required credentials the applicant has taken and passed the American Board of Dental Examiners (ADEX) examination, or other similar U.S. regional or state board clinical examination for dentists, including a periodontal/scaling exam; and for the three years immediately prior to submitting the application, the applicant: (1) has practiced clinical dentistry in one or more states; (2) has been in dental specialty training; (3) has been in active military dental service; or (4) has been in any combination thereof.

Related Training

Dietetics/Dietitian; Clinical Nutrition/Nutritionist

Driver Education Instructor, Public or Commercial Motor Vehicle Schools

Successfully instruct students to safely operate a motor vehicle in various traffic environments and conditions. Attain student familiarity and understanding of laws, rules and regulations and the natural laws and limitations that foster their development. Work towards a socially responsible vehicle operator, who minimizes risk factors through positive decision making. Use the latest best practices in instruction to obtain objectives from a clearly defined curriculum. Employ a variety of instructional techniques in the classroom and in-vehicle to ensure student comprehension and success. Support an understanding of attitude and health-related issues on the thought and driving process and obtaining competence in safely operating a motor vehicle.

Legislation

Statutes: NH RSA 21-P:14,I(a)-(h) and 263:45
Administrative Rules: Chapter Saf-C 3100

Certification Requirements

Provisional Certificate (valid two years)

- High school graduate or high school equivalency
- Complete three, three-credit courses at Keene State College with a grade of 75 or higher: Introduction to Traffic Safety, Methods of Teaching Driver Education and Traffic Safety, In-Vehicle Driver Education Methods
- Valid driver's license for the class of vehicle in which applicant desires to instruct
- A minimum of five consecutive years of licensed driving experience
- Must be of good character, reputation, and fitness to instruct driver education
- Current physical exam, repeated every three years
- Submit a notarized criminal history record release form and a complete set of fingerprints

Standard Certificate (valid three years)

1. Meet the standards for a provisional secondary school certificate (above)
2. Complete a supervised teaching experience in New Hampshire during the past two years including a minimum of 60 hours of classroom and 240 hours of behind-the-wheel instruction
3. Obtain six credits of college-level courses designed to meet competencies in Saf-C 3103.05 e–f with a grade of 75 or higher

Commercial Motor Vehicle School Certificate

1. *Provisional Certificate (valid two years)*
 - High school diploma or equivalent
 - Complete a minimum of eight credits in courses designed to meet competencies in Saf-C 3103.05 a–d with a grade of 75 or higher (college level courses)
2. *Standard Certificate (valid three years)*
 - *Meet the standards for a provisional commercial school certificate (above)*
 - *Complete a supervised teaching experience in New Hampshire during the past two years including a minimum of 60 hours of classroom and 240 hours of behind-the-wheel instruction*
 - *minimum of 60 hours of classroom and 240 hours of behind-the-wheel instruction*

Education Administrator

Education Administrators are school professionals required to hold an administrator certificate whose duties involve the development, supervision, or internal management of a school, school system, or school program rather than the furnishing of direct instructional or other services to pupils. Includes superintendents, assistant superintendents, special education administrators, business administrators, principals, associate principals, curriculum administrators, district administrators, and career and technical education directors.

Legislation

Statute: NH RSA 186
 Administrative Rules: Chapter Ed 506.01 – 506.06; 507.01

Certification Requirements

- Submit application for certification and non-refundable application fee
- Alternative methods of qualification for administrator certification:
 - Alternative 1:* Completion of an approved program of professional preparation in education administration

Alternative 2: Completion of a comparable program outside of New Hampshire

Alternative 3: Qualification based on Demonstrated Competencies and Equivalent Experiences

• **Superintendent**

- Have completed at least three years of experience as an education administrator in a K-12 setting;
- Have completed a State Board of Education approved educational administration collegiate program at the Post-master's certificate of advanced graduate study (CAGS), educational specialist, or doctoral level; and
- Have acquired the competencies, skills, and knowledge itemized in Ed 506.01 (through experience in comparable leadership positions in education or other professions if qualifying under Ed 505.03
- Submit completed application with appropriate materials and documents.
 - The candidate may obtain the necessary forms and information from the Bureau of Credentialing.
- If the Bureau of Credentialing determines that the materials described above attest to the candidate's successful completion of the requirements for certification, the candidate shall receive initial certification as superintendent from the Bureau of Credentialing. This certification shall enable the holder to apply for employment as a New Hampshire superintendent.

• **Assistant Superintendent**

- Have completed at least three years of experience as an educational administrator in a K-12 setting; and be enrolled in a State Board of Education approved school administration program at the post-master's certificate of advanced graduate study (CAGS), educational specialist, or doctoral level.
- Have a plan approved by the Bureau to acquire the competencies, skills, and knowledge itemized in Ed 506.02 (b)

Education Administrator (continued)

- ***Business Administrator***

- An individual shall have the following entry level requirements to be certified as a business administrator:
 - Bachelor's degree or Master's degree in a State Board of Education approved program in business administration; or
 - Have acquired the competencies, skills, and knowledge as itemized in Ed 506.03 through experience in comparable business management positions ; or have demonstrated the equivalent of completing an approved program in business administration through experience in comparable business management position(s) and have successfully completed an individualized professional development plan as specified in Ed 505.04
- Submit completed application with appropriate materials and documents with the Bureau of Credentialing.

- ***Principal***

- Have completed at least five years' experience as an educator; and one of the following:
 - Completed a Master's program in educational leadership or a related area approved by the State Board of Education and been recommended for this certification by the designated official of the preparing collegiate department of education; or
 - Completed a Master's program in education, and demonstrated:
 - The competencies, skills, and knowledge as listed in Ed 505.03 or
 - Experience in comparable educational leadership positions in education or other professions as specified in Ed 505.03.
- Submit completed application with appropriate materials and documents with the Bureau of Credentialing:

- ***Associate Principal***

- Have completed at least three years of experience as an educator; and one of the following:
 - Completed a Master's program in school administration/leadership or a related area approved by the State Board of Education and been recommended for this certification by the designated official of the preparing collegiate Department of Education;
 - Be enrolled in master's program in school administration/leadership or a related area approved by the state board of education for no longer than a period of three years leading to a recommendation for this certification by the designated official of the preparing collegiate department of education upon completion of the program; or
 - Hold a bachelor's degree in education from a college or university approved by the New Hampshire Higher Education Commission, and have received the recommendation of the superintendent who shall submit the candidate's individualized professional development plan to the Bureau of Credentialing in accordance with Ed 505.04; and have demonstrated one of the following:
 - The competencies, skills, and knowledge listed in 505.03; or
 - Experience in comparable educational leadership positions in education or other professions in accordance with Ed 505.03.
- Submit completed application and appropriate materials and documents with the Bureau of Credentialing.

Education Administrator (continued)

- **Curriculum Administrator**

- A curriculum administrator is the administrator of a school district or school administrative unit who directs the curriculum, instruction, and assessment activities of a school district or administrative unit
- Must meet one of the following entry-level requirements:
 - At least a Master's degree in either curriculum and instruction or in education with additional coursework in the areas of curriculum instruction and assessment; and:
 - A minimum of three years of experience as an educator; or
 - Have acquired the competencies, skill and knowledge as itemized in Ed 505.03 through experience in comparable positions as specified in Ed 505.03.

- **District Administrator**

- Administrates a school district or school administrative unit with 400 or fewer total school age enrollments and with no more than two public schools
 - Must meet the following entry-level requirements:
 - Have completed at least five years of experience as a certified principal
 - Meet the entry-level requirements for certification as a principal under Ed 506.04(a);
 - Meet the qualifications, skills, competency, and knowledge requirements for the position of principal, as established under Ed. 506.04(c); and
 - Have the ability to provide the administrative services listed in RSA 194-C:4.
- As an alternative to meeting the requirements of above, the candidate may elect to qualify under Ed 505.03, Alternative 3: Demonstrated Competencies and Equivalent Experiences. For purposes of above, the term "teaching experience" in Ed 505.03 means "administrative experience".
- Candidates shall file the following materials and documents with the Bureau of Credentialing:
 - Completed application forms containing the information required in Ed 508.04;
 - Previous work record; education record; and
 - A minimum of three confidential references from persons who can attest to the candidate's proficiencies in the required leadership area.

- **Special Education Administrator**

- Must have at least a Master's degree in education or administration, or a related field such as learning disabilities
- A minimum of three years progressively responsible experience under a license or certification in related special education areas, as documented by positive recommendations or evaluations from the candidate's supervisor(s) which demonstrate that the candidate has worked with students with disabilities in approved schools or programs

Education Administrator (continued)

• **Career and Technical Education Director**

- Must have completed at least three years of successful paid and progressively responsible experience in the field of career and technical education, with experience within the five years prior to the application as an administrator, supervisor, or teacher; and
- Educational qualifications of:
 - Completion of a program approved by the State Board of Education in career and technical education or administration at the Master’s degree level or higher and recommendation for this certification by the designated official of the preparing collegiate Department of Education; or
 - Demonstrate the competencies, skills, and knowledge as listed in the Administrative Rules Chapter Ed 507.01 (b) through experience in comparable leadership positions in career and technical education or other professions as specified in Ed 505.03

Educational Interpreter/Transliterater

Educational Interpreters/Transliteraters provide translation services for persons ages three to 21. An interpreter is a person who provides interpretation services, which is the process of conveying information between American Sign Language (ASL) and English. Transliteration is the process of conveying messages via visual or tactile manual representations of the English language such as manually coded English, cued speech, Signed English, Signing Exact English (SEE), and oral transliterating. This process conveys information from one mode of English, spoken or signed, to another mode of English.

Legislation

Statute: NH RSA 186
 Administrative Rules: Chapter Ed 507.35

Certification Requirements

- Submit application for certification and non-refundable application fee
- Hold a minimum of an Associate’s degree
- Meet one of the following entry-level requirements:
 - Receive a passing grade as determined by the State Board of Education on the practical examination in signing for the EIPA Performance Test (EIPA-PT) as specified in Ed 507.35;
 - Hold a current national certification from either the national office of the Registry of Interpreters of the Deaf (RID) or National Association of the Deaf (NAD) of at least level III; or
 - Educational Interpreter certification from another state whose standards are equivalent to Ed 507.35.

Electrologist

Remove unwanted hair from patrons for cosmetic purposes by applying an electric current to the hair root. Prepare patron’s skin with antiseptic solution and insert sterile needles into hair follicle. Adjust equipment controls to regulate flow of electricity and then remove hair from follicle, using tweezers.

Legislation

Statute: NH RSA 314
 Administrative Rules: Chapter He-P 1300

Licensure Requirements

- Must be of good professional character
- High school graduate
- Training of at least 1,100 hours in a school of electrology obtained no less than ten months prior to graduation and approved by the New Hampshire Department of Health and Human Services

Examination

The American Electrology Association written examination and the New Hampshire electrology practical examination are required, except for applicants licensed through reciprocity

Continuing Education

Completion of ten hours of continuing education during the previous two-year period is required for renewal, of which five hours must be through live, didactic courses. Two of the hours must be in one of the following: Infection control, blood-borne diseases, universal precautions, HIV/AIDS, or sanitation/sterilization.

Reciprocity

Applicants who hold a license in another state may apply for licensure by reciprocity provided that state’s requirements are equivalent to or higher than New Hampshire’s requirements.

Elevator or Accessibility Lift Mechanic and Inspector

Construct, maintain, or repair elevators or accessibility lifts, which are inclined stairway chairlifts and inclined and vertical wheelchair lifts, including gates, any doors, wells, enclosures, runway means and appurtenances required for operation. Elevator inspectors inspect and test elevators and accessibility lifts.

Legislation

Statute: NH RSA 157-B
Administrative Rules: Chapter Lab 1300

Licensure Requirements

Elevator Inspector or Accessibility Lift Inspector

- File application
- Pass examination with a minimum score of 70 percent
- If applicable, provide current qualified elevator inspector (QEI) certification
- A minimum of two years' experience as an accessibility lift mechanic is required for an accessibility lift inspector license, and the same for an elevator inspector license
- Inspectors with experience in excess of five years within the state may be exempted from examination by the commissioner

Elevator Mechanic

- File application
- Pass examination with a minimum score of 70 percent
- Have a minimum of two years' experience, with an average of 1,800 hours annually, as an elevator mechanic's helper or apprentice, working in New Hampshire directly under a licensed elevator mechanic; or
- Hold an elevator mechanic certificate or license of competency from another state for three consecutive years, working as an elevator mechanic, with an average of 1,800 hours each year over the three-year period.

Accessibility Lift Mechanic

- File application
- Pass examination specific to technical knowledge on accessibility lifts with a minimum score of 70 percent
- Have a minimum of two years' experience, with an average of 1,800 hours annually, as an accessibility lift mechanic's helper or apprentice, working in New Hampshire directly under a licensed accessibility lift mechanic; or
- Hold an accessibility lift mechanic certificate or license of competency from another state for three consecutive years, working as an accessibility lift mechanic, with an average of 1,800 hours each year over the three-year period.

Embalmer

Prepare bodies for interment in conformity with legal requirements. Embalm the body if requested to do so by the family. Prepare the deceased for viewing, dress bodies and place them in caskets, and may arrange funeral details.

Legislation

Statute: NH RSA 325
 Administrative Rules: Chapter Frl 100 - 400

Licensure Requirements

- Must be at least 18 years of age
- Must be of good professional character
- Complete a one-year course in apprenticeship under the supervision of a duly licensed or registered embalmer actively engaged in embalming within the state
- Complete a full course of instruction in an embalming school, maintaining at that time a standard satisfactory to the Board
- Pass such examinations as the Board may deem proper to ascertain his or her efficiency and qualifications to engage in embalming
- Obtain the appropriate license from the Board

Examination

Practical examination required

Continuing Education

Minimum of seven credit hours per year

Reciprocity

Applicants licensed in another state may apply for licensure if requirements in the state they were licensed in are equivalent or superior to those of New Hampshire

Emergency Medical Services (EMS) Provider

Emergency Medical Services Providers at the Emergency Medical Responder (EMR) level and higher administer emergency medical treatment and transport sick or injured persons to medical facilities, working as a member of a licensed emergency medical team. Licensed providers assist in removal of victims from the scenes of accidents, determine the nature and extent of illness or injury, and establish priorities for emergency treatment. They also administer first aid such as the application of splints, treatment of wounds, administration of artificial resuscitation, giving initial care to poison and burn victims, and assisting in childbirth. If injury or illness requires a higher level of intervention, they contact hospital personnel by radio for medical direction. Helicopters can be requested to transport critically ill or injured patients to a trauma center.

Legislation

Statute: NH RSA 153-A
 Administrative Rules: Chapter Saf-C 5900

Licensure Requirements

- Must be at least 18 years of age
- Must complete a criminal background check
- Applicant must be affiliated with a licensed New Hampshire EMS unit
- Training programs which will qualify applicant for certification and licensing:
 - Emergency Medical Responder
 - Emergency Medical Technician
 - Advanced Emergency Medical Technician
 - Paramedic

Examination

New Hampshire EMS practical examinations and National Registry of EMTs (NREMT) computer-adaptive testing is required for certification

Continuing Education

Biennial requirements (once certified) must equal 72 hours as per National Registry policy for each of the following levels:

- Emergency Medical Responder
- Emergency Medical Technician
- Advanced Emergency Medical Technician
- Paramedic

Explosives Worker/Blaster

Place and detonate explosives to demolish structures or to loosen, remove, or displace earth, rock, or other materials. May perform specialized handling, storage, and accounting procedures. Includes seismograph shooters. Explosives are defined as any material or container containing a chemical compound or mixture that is commonly used or intended for the purpose of producing an explosion and that contains any oxidizing or combustible materials or other ingredients in such proportions, quantities, or packing that an ignition by fire, friction, concussion, or detonation of any part of the compound or mixture may cause such a sudden generation of highly heated gases that the resultant gaseous pressure is capable of producing destructive effects on contiguous objects.

Legislation

Statute: NH RSA 158
 Administrative Rules: Chapter Saf-C 1600

Certificate of Competency Requirements

- Must be 21 years of age or older
- Submit an application in person
- Obtain a passing grade on the competency test
- Demonstrate familiarity with applicable rules and laws, and obtain endorsements from two persons who are holders of a valid certificate of competency and who have knowledge of the applicant’s competency to conduct blasting operations. The endorser must have been present when explosives were used and the applicant must have assisted the endorser with the loading and firing of the explosive.
- Applicants for a certificate of competency with no restriction shall also submit documentation verified by an endorser and copies of blast records establishing experience with at least 25 separate blasting operations that had a combined weight of at least 10,000 pounds

Family Mediator, Certified

Family mediators are impartial third persons who, with the consent of the parties to divorce or other parental rights and responsibilities matters, assist and enable the parties to work together to reach a mutually satisfactory settlement of the issues in a dispute.

Legislation

Statute: NH RSA 328-C
 Administrative Rules: Chapter Fam 100 - 700

Certification Requirements

- Bachelor’s degree or higher in any field
- One of the following:
 1. Core training taken within the three years preceding the date of application which includes:
 - At least 48 hours of mediation training, including at least 24 hours of core mediation training and given by a New Hampshire certified program or a family mediator training program in another state, provided the trainers are Advanced Practitioner/Educator members of the Association for Conflict Resolution
 - At least 16 hours of mediation training specific to New Hampshire and at least eight hours of domestic violence training given by a currently certified New Hampshire family mediator training program
 2. Core training taken more than three years preceding the date of application which includes at least 48 hours of core mediation training, including 24 hours of core mediation, 16 hours of mediation training specific to New Hampshire and eight hours of domestic violence training given by a New Hampshire certified family mediator training program plus at least 12 hours of Family Mediator Certification Board approved continuing education taken within one year of the date of the application and including at least three hours focusing on each of the following topics: recent changes in law and procedure in matters related to divorce and parental rights and responsibilities, ethics for mediators, domestic violence, and mediation skills
- Completion of a 20 hour internship with certified family mediators who qualify as an internship supervisor and/or with mediators approved by the Association for Conflict Resolution as an advanced practitioner/advanced educator member who will then submit intern evaluations and letters of recommendation directly to the Board. (Note: length of internship is reduced to ten hours for family lawyers or therapists who have practiced for at least seven years.)
- Submission of a completed application
- Submission of a total of three letters of recommendation from internship supervisors, core training providers or people who have worked with applicant during the internship attesting to the applicant’s honesty and competence as a mediator

Fuel Gas Fitter

Fuel Gas Fitters install, repair, alter, service, demolish, or remove pipes, fixtures, fittings, appliances, or apparatus necessary for supplying natural gas or propane for residential or non-residential use from the point of delivery. This includes all gas piping from the supply tank or gas meter to the connection to the combustion zone, the installation of all fuel gas fired appliances, the applicable venting of flue gases to the outside atmosphere, and the provisions for air for combustion and ventilation. Fuel Gas Fitters may be known as hearth system installation and service technicians, liquefied propane installation technicians, liquefied propane service technicians, natural gas installation technicians, natural gas service technicians, or piping installers.

Legislation

Statute: NH RSA 153:27 through 153:358
 Administrative Rules: Chapter Saf-Mec 100-500

Licensure Requirements

Fuel Gas Trainees

Licensed fuel gas fitters shall sponsor as trainees only those individuals who:

- Work under a licensed New Hampshire fuel gas fitter who shall sponsor the trainee and oversee his/her educational and work experience meeting the requirements for fuel gas fitting licensing; and
- Hold a currently valid trainee registration license issued by the board.

The board shall issue trainee registration licenses to those individuals who:

- Enter into an agreement between the employer / licensed fuel gas sponsor to enroll under an approved fuel gas training program meeting the requirements of the board;
- Complete the board's apprentice / trainee registration form; and
- Pay the specified fee

Fuel Gas Piping Installer

- Fuel gas piping installers install liquefied propane gas or natural gas piping, or is a New Hampshire licensed plumber, approved by the board through affidavit, experience, and education or training in the use of NFPA 54, National Fuel Gas Code. The fuel gas piping installer shall install propane gas or natural gas piping from the outlet of the first stage regulator for liquefied propane, or the outlet of the natural gas meter to any and all fuel gas appliance(s) or other gas utilization equipment.
- To qualify for a fuel gas piping installer specialty license, an individual shall provide the following:
 1. Proof of successful completion of a minimum of 60 hours of educational training as specified in Saf-Mec 305.02 (b)(1)
 2. A minimum of 1,000 working hours of on-the-job experience in the trade or its equivalent in an approved educational setting as defined in Saf-Mec 301.18, relevant to the installation of gas piping within 60 consecutive months, 500 hours of which may be applied with proof of relevant field experience installing, servicing, and repairing heating oil fired equipment.
 3. A New Hampshire licensed plumber in good standing, shall be qualified for a fuel gas piping installer license upon demonstration of successful completion of the educational requirements specified in Saf-Mec 305.02 (b)(1).

Fuel Gas Fitter (continued)

Fuel Gas Installation Technician

- Fuel gas installation technicians are engaged in the installation of inside and outside piping from the outlet of the gas meter or first stage regulator, or residential and non-residential heating equipment systems or water heating systems, using liquefied propane gas or natural gas. The fuel gas installation include gas piping, gas appliances, other gas utilization equipment, the venting and vent systems for gas appliances/gas utilization equipment and performance of safety checks.
- To qualify for a fuel gas installation technician specialty license, an individual shall provide proof of successful completion the following:
 1. A minimum of 100 hours of educational training in subject matter specified in Saf-Mec 305.03 (b)(1);
 2. A minimum of 1,000 working hours of on-the-job experience in the trade or its equivalent in an approved educational setting as defined in Saf-Mec 301.18, relevant to the installation, service, and repair of gas appliances or equipment within 60 consecutive months, 500 hours of which may be applied with proof of relevant field experience installing, servicing and repairing heating oil fired appliances or equipment.
- An individual holding a fuel gas piping installer's license per Saf-Mec 305.02 may qualify for an installation technician license by providing proof of:
 1. Successful completion of a formal educational program of at least 40 hours in the matter specified in Saf-Mec 305.03(b)(1) f through k and
 2. A minimum of 1,000 working hours of on-the-job experience in the trade or its equivalent in an approved educational setting as defined in Saf-Mec 301.18, relevant to the installation, service, and repair of gas appliances or equipment within 60 consecutive months, 500 hours of which may be applied with proof of relevant field experience installing, servicing and repairing heating oil fired appliances or equipment.

Fuel Gas Service Technician

- Fuel gas service technicians service and repair inside and outside piping from the outlet of the gas meter or first stage regulator, or residential and non-residential heating equipment systems, or water heating systems using liquefied propane gas or natural gas.
- To qualify for a fuel gas service technician specialty license, individuals must provide proof of successful completion of:
 1. A minimum of 140 hours of educational training in subject matter specified in Saf-Mec 305.04(b)(1).
 2. A minimum of 2,000 working hours of on-the-job experience in the trade or its equivalent in an approved educational setting as defined in Saf-Mec 301.18, relevant to the installation, service, and repair of gas appliances or equipment within 60 consecutive months, 750 hours of which may be applied with proof of relevant field experience installing, servicing, and repairing heating oil fired appliances or equipment.
- An individual holding a fuel gas installation technician license per Saf-Mec 305.03 may qualify for a fuel service technician license by providing proof of:
 1. Successful completion of a formal educational program of at least 40 hours in the subject matter specified in Saf-Mec 305.04(b)(1) k through r; and
 2. A minimum of 2,000 working hours of on-the-job experience in the trade or its equivalent in an approved educational setting as defined in Saf-Mec 301.18, relevant to the installation, service, and repair of gas appliances or equipment within 60 consecutive months, 750 hours of which may be applied with proof of relevant field experience installing, servicing and repairing heating oil fired appliances or equipment.

Fuel Gas Fitter (continued)

Hearth System Installer

- Hearth system installation and service technicians install, service, and repair liquefied propane gas or natural gas hearth appliances and venting systems.
- To qualify for the hearth system installation and service technician specialty license, an individual shall provide proof of successful completion of:
 1. A minimum of at least 60 hours of educational training which covers the subject matter specified in Saf-Mec 305.05 (b)(1)
 2. A minimum of 2,000 hours of field experience relevant to the installation and service of hearth appliances and hearth appliance venting systems within 60 consecutive months.

Examination

Required — all new applicants must pass a written examination with a score of 70 percent or higher relevant to the educational requirements, including NFPA 54, National Fuel Gas Code, as outlined for each specialty license

Continuing Education

A minimum of three hours per year of continuing education totaling six hours for each two-year licensing cycle, is required for license renewal

Reciprocity

Permitted, however, an out-of-state licensee with proof of licensure and/or certification from the state they claim to have worked is eligible for the licensing examination relevant to the educational requirement as outlined for each specialty license

Funeral Director

Assist the family and friends of the deceased in making business and personal arrangements for the funeral service and burial. Obtain the information needed for the death certificate. Arrange to have the body transported to the funeral home and prepare it for disposition either by burial or cremation. Embalm the deceased if requested. Discuss details of the funeral with the family and other parties involved, such as making arrangements with the cemetery, placing obituary notices in the newspaper, ordering flowers, etc. Contact the clergyman if there is to be a religious service, provide cars for the service, receive and usher guests to their seats and organize the funeral procession. Complete the various forms necessary for benefits including veterans, social security and other insurance papers.

Legislation

Statute: NH RSA 325
 Administrative Rules: Chapter Frl 100 - 400

Licensure Requirements

- Must hold an embalmer’s license
- Pass such examinations as the Board may deem proper to ascertain his/her efficiency and qualifications to engage in funeral directing
- Obtain the appropriate license from the Board

Examination

Written examination required

Continuing Education

Minimum of fourteen credit hours every biennial licensing period

Individual Sewage Disposal System Designer/Installer

Individual sewage disposal system installers and designers design, install, and repair septic systems, which are required for any structure to which a water supply is connected and that is not connected to a municipal sewage collection system. Septic systems must be designed and installed by individuals holding a valid permit issued by the New Hampshire Department of Environmental Services Subsurface Systems Bureau. Additionally, repair or replacement of an existing septic system must be conducted by a permit holder as well. Exception: A homeowner may design and/or install a septic system for his/her primary domicile.

Legislation

Statute: NH RSA 485-A:35-36
 Administrative Rules: Chapter Env-Wq 1000

Permit Requirements

- Designers must pass a written examination and a field test for soil interpretation
- Installers must pass a written examination

Examination

Required. Installers must pass a two-part written exam, held twice each year. Designers must pass a three-part written exam, plus a field exam, held twice each year.

Continuing Education

Three hours of DES-approved continuing education must be completed annually, for a total of six hours for renewal. Three of the six hours must be attained at educational seminars offered by Subsurface Systems Bureau staff, or pre-approved by the Bureau.

Insurance Adjuster

Study insurance claims to see whether clients' policies cover them for particular losses and determine the amount of loss suffered. Talk with claimants to try to settle claims and may approve payments to them. Use reports, physical evidence, and witnesses' reports to investigate claims. Some workers travel to gather information about claims, while others work mostly at their desks. Many insurance adjusters specialize in a certain type of claim, such as auto, home, property damage or loss, or workers' compensation.

Legislation

Statute: NH RSA 402-B
 Administrative Rules: Chapter Ins 1300

Licensure Requirements

- Must be of good moral character
- Must state age, sex, domicile, line or lines of insurance for which the applicant desires a license, and a place of business of the applicant

Examination

Written examination required. Examinations are administered for the Department by Prometric. A separate examination fee is payable to Prometric. Exams may not be scheduled until the registration process is complete. Registration is electronic and links are available on the Department's web site.

Continuing Education

Twenty hours of continuing education are required for renewal

Interpreter for the Deaf and Hard of Hearing

A person who provides English-based transliteration, which is conveying information from one mode of English to another; American Sign Language-based interpreting, and/or intermediary interpreting, which means interpreting services rendered by a deaf person for other deaf persons.

Legislation

Statute: NH RSA 326-I

Administrative Rules: Chapter Int 100 - 500

Licensure Requirements

- Must be at least 18 years of age
- Must demonstrate adherence to the Code of Professional Conduct Standards (Int 501.03) and the Code of Professional Principles (Int 501.04)
- Pay the appropriate license fee
- Possess minimum standards of performance and training of one of the following pursuant to rules adopted by the Board:
 1. Certification by the Registry of Interpreters for the Deaf, Inc. (RID), or the New Hampshire Interpreter Classification System program (NHICS)
 2. Interpreters licensed or approved in other jurisdictions may submit proof of licensure in another state in which the licensure requirements are equivalent to or greater than those required by this state
 3. Applicants not certified by the Registry of Interpreters for the Deaf, Inc. or by the New Hampshire Interpreter Classification System program must complete 30 hours of oral transliterating training in topics specified in Int 301.01
- The following are exempted from licensure:
 1. Nonresident interpreters certified by the National Registry of Interpreters of the Deaf (RID) who have completed RID-approved legal training or who hold a legal specialty certificate (RID SC:L) when working in court settings, provided that such interpreter shall be subject to disciplinary proceedings of the board
 2. Interpreters for the deaf and hard of hearing working in religious settings
 3. Interpreters working in emergency situations where the parties determine that the delay to obtain a licensed interpreter is likely to cause injury or loss
 4. Students enrolled in a school or courses in interpreting for the deaf and hard of hearing
 5. Interpreters employed by a school district for a K-12 program

Investment Adviser Agent

An Investment Adviser Agent is someone who, for compensation, advises others either directly or through publications, about the value of securities or other investments, or about the advisability of investing in, purchasing or selling securities or other investments. They may, for compensation and as a part of a regular business, issue or promulgate analyses or reports concerning securities, or other investments. Included are financial planners and others who, as part of other financially related services, provide investment advisory services to others for compensation and as part of a business, or who hold themselves out as providing investment advisory services to others for compensation.

Legislation

Statute: NH RSA 421-B

Licensure Requirements

- Federal-covered advisers, those registered and regulated by the US Securities and Exchange Commission, are not subject to the investment adviser licensing provisions of the State of New Hampshire. Every federal covered adviser doing business in New Hampshire must file a notice and pay a fee prior to conducting investment adviser business in New Hampshire. There is no “de minimus” exception from the notice filing requirement.
- As a state-regulated investment adviser, a firm is subject to the investment adviser licensing provisions of the State of New Hampshire. Required documents are available on New Hampshire’s Secretary of State’s web site at: <http://sos.nh.gov/StateIA.aspx>
- Investment adviser agents (individuals) must submit a complete Form U-4 and a fee of \$130 to the Web CRD/IARD (Central Registration Depository/Investment Adviser Registration Depository)

Landscape Architect

Landscape Architects perform professional services in connection with the development of land areas. The main purpose of such services is the preservation, enhancement or determination of proper land uses, natural land features, ground cover and planting, naturalistic and aesthetic values, the setting, approaches or environment for structures of other improvements, natural drainage and the consideration and determination of inherent problems of the land relating to erosion, wear and tear, blight or other hazards, to the extent that such services protect public health, safety and welfare. The practice of landscape architecture includes the production of graphic and written material for use in the planning and design of land development programs, as well as consultation, research, stewardship, analysis, investigation, reconnaissance, and construction overview.

Legislation

Statute: NH RSA 310 A:140 - 160
Administrative Rules: Chapter Lsa 100 - 500

Licensure Requirements

- Good professional character
- United States citizenship or the legal ability to work in the United States is required
- One of the following educational and experiential qualifications:
 1. An accredited four-year landscape architecture degree or equivalent and three years professional experience under the direct supervision of a licensed landscape architect; or
 2. A non-accredited four-year landscape architecture degree or a four-year degree in a related field including, but not limited to, engineering, architecture, geology, geography, planning, botany, forestry, environmental design, garden design, environmental studies, environmental science, ecology or soil science, and five years professional experience, three of which shall be under the direct supervision of a licensed landscape architect
- Landscape architecture teaching is considered experience for the above qualification; execution of work designed by a landscape architect as a contractor or the supervision of the construction of such work as a foreman or superintendent is not considered experience
- Initial applicants must provide the name and address of at least five references who are not related to the applicant, with at least three of the references having personal or professional knowledge of the applicant's experience as a landscape architect; and at least three licensed landscape architects having detailed knowledge of the applicant's landscape architecture experience

Lead Abatement Contractor

A Lead Abatement Contractor is a person or an entity engaged in lead base substance abatement. Contractors are responsible for lead abatement site supervision when a certified lead abatement supervisor is not available, and must be available to the site during any lead abatement activities. They prepare written lead exposure hazard reduction plans for abatement projects, interim controls, and in-place management.

Legislation

Statute: NH RSA 130-A:12
 Administrative Rules: Chapter He-P 1600

Licensure Requirements

- File application
- Complete a certified training program specific to the discipline of lead abatement
- Pass examination with a score of 70 percent or higher
- Have at least two years experience in asbestos, lead, environmental remediation or in the building trades
- Owners of more than four dwelling units desiring or required to perform lead abatement must obtain a contractor’s license
- Owners of four or fewer rental units must pass a certified training program, but are exempt from licensure
- Owners with more than four but less than seven units may obtain their license at half the usual licensure fee; owners with seven or more units must pay the full licensure fee

Lead Abatement Worker

Lead Abatement Workers are employees of a lead abatement contractor or of the owner or manager of a leased or rented dwelling or dwelling unit, or of a childcare facility. They may take any set of measures designed to permanently eliminate a lead exposure hazard, including removal, containment, encapsulation, or replacement of surfaces or fixtures that present a lead exposure hazard and all preparation, cleanup, and post-abatement clearance testing associated with such measures.

Legislation

Statute: NH RSA 130-A:12
 Administrative Rules: Chapter He-P 1600

Certification Requirements

- File application
- Must be 18 years of age or older
- Complete a certified training program specific to the discipline of lead abatement
- Lead abatement workers must perform lead abatement activities under the supervision of a lead abatement supervisor, a lead abatement contractor, or an owner qualified to perform lead abatement

Examination

Not required

Continuing Education

Refresher training program specific to the discipline must be completed once every three years

Reciprocity

Permitted with individuals licensed by another state or the federal Environmental Protection Agency (EPA), provided the requirements for licensure and training are equivalent to or higher than requirements of this state

Lead Inspector

Lead Inspectors are either a person or an entity that inspects for the presence of lead-based substances. They perform investigations to determine the presence of a lead-based substance, to evaluate an existing or potential lead exposure hazard, or to determine compliance with specific statutes and administrative rules. They implement standard written protocols or written inspection and analysis plans developed by a risk assessor, conduct inspections for lead-based substances and complete written inspection reports, conduct clearance inspections, and issue certificates of inspection.

Legislation

Statute: NH RSA 130-A:12
 Administrative Rules: Chapter He-P 1600

Licensure Requirements

- File application
- Must be 18 years of age or older
- Complete a certified training program specific to the discipline of lead testing
- Pass examination with a score of 70 percent or higher
- Have a minimum of a high school diploma or equivalent
- Have conducted a minimum of 15 full inspections and ten clearance inspections over at least a three-month period of time under the supervision of a New Hampshire-licensed Risk Assessor

Lead Risk Assessor

Lead Risk Assessors are individuals who conduct risk assessments, which are on-site investigations to determine the existence, nature, severity and location of lead-based paint hazards, and provide of a report explaining the results of the investigation and options for reducing lead-based paint hazards. In addition to being responsible for the same functions as a lead inspector, they develop standard written inspection protocols for inspections; interpret the results of lead inspections and make recommendations on hazard control options; prepare written lead exposure hazard reduction plans for lead hazard reduction projects; and issue certificates of inspection, certificates of lead free, certificates of lead safe and certificates of compliance.

Legislation

Statute: NH RSA 130-A:12
 Administrative Rules: Chapter He-P 1600

Licensure Requirements

- File application
- Complete a certified training program specific to the discipline of lead testing
- Have conducted a minimum of 15 full inspections, ten clearance inspections, and five risk assessments over at least a three-month period of time under the supervision of a New Hampshire licensed Risk Assessor
- Have one of the following required combinations of education and experience:
 1. A Bachelor's degree in environmental science, environmental engineering, environmental remediation, or a related field; and a minimum of one year of experience by the applicant in lead, asbestos, or environmental remediation work; or
 2. Certification or licensure as an industrial hygienist; a civil, environmental, or structural engineer; an architect, or environmental health practitioner; or
 3. An Associate's degree, or higher, in one or more of the following disciplines: environmental project planning; environmental management; environmental sciences; civil, environmental or structural engineering; construction; architecture; industrial hygiene; occupational health; or architectural history or historical architecture; and a minimum of two years of experience in lead, asbestos, or environmental remediation work, including responsibility for project management or design; or

Library Media Specialist

Library Media Specialists/Coordinators guide and direct library media programs in schools and provide leadership in the planning, management and evaluation of school library media programs. Instruct students on a formal and informal basis in skills related to reading, research, productions of materials, and the use of information and instructional technologies. Provide access to information and ideas by assisting students and staff in identifying information resources and in interpreting and communicating intellectual content.

Legislation

Statute: NH RSA 186

Administrative Rules: Chapter Ed 507.20 - 507.21

Certification Requirements

- Submit application for certification and non-refundable application fee
- Alternative methods of qualification for certification:

Alternative 1: Completion of an approved program of professional preparation in library media

Alternative 2: Completion of a comparable program outside of New Hampshire

Alternative 3: Qualification based on Demonstrated Competencies and Equivalent Experiences, requiring both written examination and oral review

Alternative 4: Individualized Professional Development Plan, for positions on the Critical Shortage List

- Specific educational requirements by position as follows:
 - **Library Media Coordinator**
 1. Have at least completed a master's degree program in library science, library and information studies, or a closely related field such as education, and
 2. Have completed a minimum of three years' experience as a library media specialist as documented by positive recommendations or evaluations from the candidate's supervisor(s) which demonstrate that the candidate has acquired the competencies outlined in Ed 507.21
 - **Library Media Specialist K-12**
 1. Have a Bachelor's degree
 2. Have specific skills, competencies, and knowledge gained through a combination of academic and supervised practical experiences

Examination

Initial certification requires passing the PRAXIS I pre-professional skills test (PPST) and PRAXIS II, if applicable. The State Board has approved a composite score option for PRAXIS I. Candidates must have an overall score of 518 or higher and a minimum passing score of 172 for Reading; 170 for Writing; and 170 for Mathematics. PRAXIS I and PRAXIS II exemptions are allowed for educators with either a Master's degree or higher, or who have seven or more years of educational experience under a credential issued by another state.

Manufactured Housing Installer

Perform the installation of manufactured houses, which means the placement of a manufactured house on a permanent or temporary system. This includes, but is not limited to, supporting, restraining, blocking, levelling, securing, anchoring, and connection of plumbing, heating, cooling, and electrical systems and the multiple or expandable sections of the house. Installation includes site preparation. For purposes of this regulation, a manufactured house is any structure, transportable in one or more sections, which in the traveling mode is eight body feet or more in width and 40 body feet or more in length, or when erected on site is 320 square feet or more, and which is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to utilities. Excluded are campers and recreation vehicles, pre-site built housing, and modular buildings.

Legislation

Statute: NH RSA 205-D
 Administrative Rules: Chapter Inst 100 - 700

Licensure Requirements

- Must be at least 18 years of age
- Have two years experience as an installer of manufactured housing or equivalent installation experience
- Successfully complete six hours of installation training
- Submit bond or letter of credit in the amount of \$25,000 from a company licensed to do business in the State of New Hampshire

Medical Technician

A medical technician is any health care worker who assists licensed health care professionals in the diagnosis, treatment, and prevention of disease but who is not licensed or registered by a specific New Hampshire regulatory board. Under this regulation, Medical technicians are limited to health care workers with access to controlled substances and with access to or contact with patients in a health care facility or in a medical establishment. Medical technicians do not include a nurse licensed in another state who is working in New Hampshire under the Nurse Licensure Compact.

Legislation

Statutes: NH RSA 328-I
 Administrative Rules: Chapter Mtec 100-400

Registration Requirements

- An applicant must submit:
 - A completed application and pay the appropriate fee
 - A two inch by two inch passport quality photograph taken within 90 days of the date of application
 - Criminal history records check form and fingerprint card, seeking both a New Hampshire and a federal records check in accordance with the procedure specified by the New Hampshire Department of Safety at Saf-C 5700, Operation of the Central Repository
- Individuals are provided with a temporary registration until the criminal background check is received by this office. Once the background check is received and the individual is deemed appropriate to be registered a full registration is granted. The temporary registration is good for 180 days.

Medication Nursing Assistant (MNA)

A Medication Nursing Assistant (MNA) is a Licensed Nursing Assistant (LNA) who has completed a Board approved medication administration program conducted by a Board approved Registered Nurse. The MNA functions as a care partner of the RN/LPN in the task of administration of medication to stable clients, those whose health status is under control and raises no expectation that the client's symptoms, vital signs, or reactions to medications will suddenly change.

Legislation

Statute: NH RSA 326-B
 Administrative Rules: Chapter Nur 100-800

Certification Requirements

- Ability to read and write the English language
- Hold a current unencumbered LNA license issued by the Board
- Have successfully met the eligibility requirements and successfully completed a Board-approved medication administration education program as described in Nur 800
- Pass the required examination described in Nur 300 and Nur 800
- Submit application and appropriate fees to the Board

Examination

Written examination required

Continuing Education

LNA renewals require 24 hours every two years on topics that enhance knowledge and skills; MNA renewals require that eight of those 24 hours be in a medication administration topic

Midwife

Provide the necessary supervision, care and advice to women during pregnancy, labor and the postpartum period; conduct vaginal deliveries on the midwife's own responsibility, and care for the newborn and the infant. Care to mother and child includes preventive measures, detection of abnormal conditions, procurement of medical assistance when necessary, execution of emergency measures in the absence of medical help, and consulting with a physician whenever there are significant deviations from normal or if there is a medical emergency in either the mother or the infant.

Legislation

Statute: NH RSA 326-D

Administrative Rules: Chapter Mid 100 - 500

Certification Requirements

- Have completed high school or its equivalent
- Complete one college-level course in human anatomy and physiology, or pass a college-level equivalency program or credit by exam
- Neonatal resuscitation certification
- Adult and infant/child CPR certification issued by either the American Heart Association or the American Red Cross
- Have not been convicted of a crime involving theft, or injury or violence to others
- Have no condition or circumstance of character or mental or physical state that might discredit the applicant, or prevent the applicant from expected performance as a midwife
- Have made arrangements for medical back-up to support the applicant's practice
- Have made arrangements for prenatal laboratory testing; newborn metabolic screening; and any necessary administration of Rh(D) immune globulin
- Have experience, achieved within five years prior to date of application, under a preceptorship as follows:
 1. Perform at least 100 prenatal visits on at least 15 different clients, including at least five prenatal visits and postpartum follow-up on each of ten clients
 2. Attend at least 25 live out-of-hospital births as an observer or person assisting the midwife
 3. Attend at least 25 live out-of-hospital births at which the applicant is the primary birth attendant
 4. Observe at least five in-hospital births, which may include births of clients transferred to a hospital facility during labor
 5. Perform at least 25 newborn examinations
 6. Perform at least five repairs of lacerations
 7. Perform at least 30 postpartum home or office visits
- Pass all required examinations
- New Hampshire residency is not required, but must show intent to practice in New Hampshire

Examination

The following exams are required: North American Registry of Midwives written and oral exam (midwifery knowledge), and New Hampshire written exam (state law)

Naturopath

Practice a system of primary health care for the prevention, diagnosis, and treatment of human health conditions, injuries, and diseases that uses education, natural medicines, and therapies to support and stimulate the individual's intrinsic self-healing processes. Utilize such treatments as vitamins, homeopathic preparations, acupuncture, and manipulative therapy. Specialty certificates in Naturopathic Childbirth or Acupuncture Specialty are also part of this regulation.

Legislation

Statute: NH RSA 328-E
 Administrative Rules: Chapter Nat 100 - 400

Licensure Requirements

- Possess a good moral and professional reputation
- Be physically and mentally fit to practice naturopathic medicine
- Be a graduate of a naturopathic medical college accredited by the Council on Naturopathic Medical Education, and pass a competency-based examination prescribed by the Board covering the appropriate naturopathic subjects
- Be a graduate of a naturopathic medical college which has been approved by the Board as having appropriate education standards for naturopathic medical programs which granted degrees prior to 1981
- Have had no license, certification, or registration to practice naturopathic medicine refused, revoked, or suspended by any other state or country for reasons which relate to the applicant's ability to skillfully and safely practice naturopathic medicine
- File an application and pay the license fee
- Applicants for a specialty certification in Acupuncture must have at least 500 hours of acupuncture training
- Applicants for a specialty certification in Naturopathic Childbirth must have:
 1. A license as Doctor of Naturopathic Medicine
 2. 100 hours of training in naturopathic obstetrics, nurse midwifery, or traditional midwifery

Nurse, Advanced Practice Registered (APRN)

An Advanced Practice Registered Nurse (APRN) is a Registered Nurse (RN) qualified to function independently. May perform physical examinations and diagnostic tests, develop and carry out treatment programs, or counsel patients. APRNs can diagnose, prescribe and treat as providers and may certify in a variety of areas. The categories of APRN recognized in New Hampshire are: Nurse Practitioner (NP), Certified Registered Nurse Anesthetist (CRNA), Certified Nurse Midwife (CNM) and Clinical Nurse Specialist (CNS) – in Psychiatric- Mental Health only.

Legislation

Statute: NH RSA 326-B
 Administrative Rules: Chapter Nur 100 - 800

Licensure Requirements

- Must have a New Hampshire Registered Nurse license or a compact license from a party state
- Submit written application
- Be a graduate of an accepted program
- Ability to read and write the English language
- Submit evidence of passing a National certifying exam in the applicant’s category/specialty
- Applicants for initial permanent licensure or endorsement must submit a notarized criminal history record release form along with a complete set of fingerprints taken by a qualified law enforcement agency or authorized employee of the New Hampshire Department of Safety
- To continue or re-enter practice, validate 400 hours active-in-practice within four years prior to application

Examination

National certification exam in specific area of expertise is required

Continuing Education

In addition to requirements for a Registered Nurse renewal, 30 hours of continuing education specific to the APRN specialty are required for biennial renewal, which must include at least five hours of coursework in pharmacology. If a United States Department Enforcement Administration (DEA) number specific to New Hampshire is acquired or in possession, the APRN must complete and provide three of the five contact hours in Pharmacology in the topics of Opioid Prescribing, Pain Management or Substance Abuse Disorder at the time of renewal. APRN’s that possess a DEA number for New Hampshire must register and access the Prescription Drug Management Program (PDMP) before prescribing.

Nurse, Licensed Practical (LPN)

Perform selected services in the care of ill, injured, convalescent, and handicapped persons. Work in hospitals, clinics, private homes, sanitariums, and similar institutions. Carry out activities under the direction of a physician, dentist or a registered professional nurse. This practice requires basic knowledge and skill acquired in an accredited school or program of practical nursing or comparable educational experience, that has been completed in New Hampshire.

Legislation

Statute: NH RSA 326-B
 Administrative Rules: Chapter Nur 100 - 800

Licensure Requirements

- Provide written evidence of good professional character and good physical and mental health
- Ability to read and write the English language
- Be a graduate of an approved program in practical nursing or demonstrate comparable education
- Applicants for initial permanent licensure or endorsement must submit a notarized criminal history record release form along with a complete set of fingerprints taken by a qualified law enforcement agency or authorized employee of the New Hampshire Department of Safety
- To continue or re-enter practice, validate 400 hours active-in-practice within four years prior to application

Examination

Written examination required

Continuing Education

Thirty hours of workshops, conferences, lectures, or in-service educational offerings per renewal period, designed to enhance nursing knowledge, judgement, and skills

Reciprocity

The Nurse Licensure Compact allows nurses to have one multistate license, with the ability to practice in both their home state and other party states. Single state status occurs with discipline on license, and with comparable education licensing unless New Hampshire is considered the primary state of residence.

Paraeducator

Perform instructional duties or deliver direct services to students and parents. Serve in a position for which a teacher or another professional has ultimate responsibility for the design and implementation of educational programs and services.

Legislation

Statute: NH RSA 186
 Administrative Rules: Chapter Ed 504.05 - 504.06

Certification Requirements

NOTE: The ensuing levels of certification for paraeducators are considered by the New Hampshire State Board of Education as optional in nature, and not mandatory for school districts.

Paraeducator I

- High school diploma or equivalent
- Demonstrate a knowledge of and the ability to assist in instruction as determined by the professional educator and including areas such as reading, writing, mathematics, behavior management, life skills, and professionalism, as evidenced by a formal assessment managed by the New Hampshire Department of Education and administered by the Department or the local district

Paraeducator II

- High school diploma or equivalent
- Documentation of one of the following:
 1. Associate’s or higher degree; or
 2. A minimum of two years of study at an institution of higher education, or 48 credit hours; or
 3. Demonstrate a knowledge of and ability to assist in the instruction of reading, writing, or mathematics, or reading readiness, writing readiness, or math readiness, as evidenced by a formal assessment managed by the New Hampshire Department of Education and administered by the Department, the Department’s agent(s), or the local district, which shall consist of:
 - Submission of documentation demonstrating knowledge and teaching skills in each of the three areas of reading, writing, and mathematics at the second-year college level; or
 - Satisfactory completion of college coursework in any of the three areas of reading, writing, and mathematics at the second-year college level and submission of documentation demonstrating knowledge and teaching skills at the second-year college level in any of the three areas not covered by the college coursework

Pastoral Psychotherapist

Pastoral Psychotherapists are clergy persons with graduate training enabling them to provide psychotherapy, marital, and family therapy. Some also offer group therapy and sex therapy.

Legislation

Statutes: NH RSA 330-A:17

Administrative Rules: Chapter Mhp 100 - 500

Licensure Requirements

- Baccalaureate degree from an accredited college and
- A Master of Divinity degree, or an equivalent, from a school of theology accredited by the Association of Theological Schools; and
- A Doctorate in pastoral psychotherapy
- Have been authorized by a denomination or faith group to exercise specific leadership and service on its behalf
- Have completed one unit of full-time clinical pastoral education or its equivalent
- Give evidence of serving at least three years as a clergy person, demonstrating growing maturity in one's identity and role as a professional religious leader
- Complete two years of not less than 1,500 hours per year of supervised experience in pastoral psychotherapy
- Of the 3,000 hours specified above, have performed at least 1,375 hours of clinical pastoral counseling while receiving at least 250 hours of interdisciplinary supervision
- Give evidence of having undergone sufficient theological and psychotherapeutic investigation of one's own intrapsychic and interpersonal processes
- Give evidence of:
 1. An understanding of the counseling or psychotherapeutic process
 2. An ability to develop the counseling or psychotherapeutic relationship
 3. An ability to perform a leadership role in the context of the religious community
 4. An ability to integrate one's professional role and personal identity
- Have attained the level of Fellow in the American Association of Pastoral Counselors or an equivalent organization
- Pass a satisfactory examination in pastoral counseling as set and defined by the Board
- New Hampshire residency is not required, but must be principally employed in New Hampshire

Pesticide Applicator

Identify pest problems in and about homes, hospitals, restaurants, lawns, golf courses, ornamental plantings, forestry plantings, agricultural crops, lakes, transmission and distribution lines, and other areas where pests are a problem. Select various pesticides and determine methods to control the pests by applying pesticides and assessing any hazards involved. Pesticide Applicators may work on a contract basis, on a farm raising agricultural commodities, on a golf course, for a school, for a governmental entity, or as part of their responsibilities as a landlord.

Legislation

Statute: NH RSA 430:33
 Administrative Rules: Pes 100 - 1100

Licensure Requirements

- Registration of the business entity
- Supervisory level commercial for-hire licensees must meet requirements of Pes 300 for entrance into the examination, which includes a combination of education and practical experience over a five-year period.
- The supervisory pesticide license only for general use pesticides in the categories of B and G2, “Right of Way and Commercial Weed and Brush Control” and “Turf Pest Control”, respectively, is exempt for the five-year education/experience requirement. This licensure can be obtained through successful completion of 16 hours of training, and achieving successful scores on both the written and oral exam.
- Must pass written and oral examinations in both general aspects and category of endeavor
- Possess mandatory levels of liability insurance as defined in the statutes
- Operator level commercial for-hire licensees must pass written exam and work under a supervisor holding a commercial for-hire license
- Supervisory level commercial not-for-hire and operational level commercial not-for-hire must pass written examination in both general aspects and category of endeavor
- A restricted use private permit holder must pass a written examination in both general aspects and in category of endeavor
- Dealer license holders must pass written examination
- All applicants must complete the necessary applications, and submit applicable fees

Pharmacy Technician

Pharmacy Technicians assist in performing, under the supervision of a licensed pharmacist, manipulative, nondiscretionary functions associated with the practice of pharmacy. They are limited to performing tasks in the preparation of legend drugs and devices and to provide nonjudgmental technical support services. All tasks and functions undertaken by the pharmacy technician must be verified and confirmed for correctness, exactness, accuracy, and completeness by the pharmacist-in-charge.

Legislation

Statutes: NH RSA 318:5-a
Administrative Rules: Chapter Ph 800

Registration Requirements

- Possess good moral character
- Be at least 16 years of age and either have a high school or equivalent diploma, or be working to achieve a high school or equivalent diploma
- Complete and file application
- Shall have 80 hours of on the job training and be registered with the board within 15 days
- Shall not have been convicted of a drug related felony
- Must wear a tag identifying them as a Pharmacy Technician while on duty
- Pharmacist-in-charge shall determine the duties of the pharmacy technician, and shall verify and confirm acts, tasks, and functions undertaken by the pharmacy technician
- Additional requirements have to be met to become a “certified pharmacy technician”, including a nationally recognized certification exam recognized by the New Hampshire Board of Pharmacy

Podiatrist

Podiatrists diagnose and treat by medical, mechanical, electrical and surgical means ailments of the human foot and lower leg. Allowable surgical treatment in a health care facility shall be determined by that health care facility credential committee, and such surgical treatment shall be performed at that health care facility. Such certificate shall not authorize the licensee to administer general anesthesia.

Legislation

Statute: NH RSA 315
 Administrative Rules: Chapter Pod 100 - 500

Licensure Requirements

- Must be of good professional character
- Must be at least 18 years of age
- Be a graduate of a college of podiatry or podiatry medicine accredited by the American Podiatry Association and approved by the Board
- One year of internship/residency training, as approved by the Council on Podiatry Education of the American Podiatric Medical Association

Examination

Written examinations required — National Board of Podiatric Medical Examiners

Continuing Education

Proof of 40 hours of continuing education is required every two years, with at least 30 hours of attendance in formal courses given by an accredited American school or college of podiatry or medicine, or by a state or regional podiatric association recognized by the Council on Podiatric Medical Education (CPME) or by the American Medical Association and no more than ten hours of instructional media certified by the CPME

Private Investigator (Detective)

Private Investigators are persons engaged in conducting private investigations. These activities can include investigating unsolved crime or insurance claims or matters for attorneys in anticipation of civil litigation. Other tasks may be related to surveillance, locating missing persons, or finding lost, concealed, or stolen property.

Legislation

Statute: NH RSA 106-F

Administrative Rules: Chapter Saf-C 2200

Licensure Requirements

- Must be a resident of the United States
- Must be at least 18 years of age
- Have no record of felony convictions of any type or conviction of a misdemeanor associated with theft, honesty, fraud, use or sale of controlled substances, misdemeanor crimes of violence that in the judgment of the Commissioner of Safety would cast doubt on the applicant's future good behavior, domestic violence, or abuse of any type, or an active domestic violence protective order in New Hampshire or any other jurisdiction in the United States, its possessions, or territories.
- Except for employees, possess:
 1. A minimum of four years experience as a full-time law enforcement officer with a federal, state, county, college or university, or municipal police department, director of security or senior officer of a company or corporation, or licensed security service, full-time adjuster, risk manager, or claims investigator for an insurance carrier or adjusting company; or
 2. An associate of science degree or bachelor of science degree in criminal justice or fire service from an accredited college or university, certification from the American Society for Industrial Security as a certified professional investigator, or certification from the National Association of Legal Investigators as a certified legal investigator and employment as a full-time investigator for a private investigative agency for at least two years; or
 3. A minimum of four years employment as a full-time investigator for a licensed private investigator or private investigative agency; or
 4. A minimum of four years experience as a full-time firefighter and certification by the International Association of Arson Investigators; or
 5. Certification by the American Society for Industrial Security in security operations, and two years experience providing such services; or
 6. Certification by the American Society for Industrial Security in executive protection, and two years experience providing such services

Real Estate Appraiser

Appraise improved or unimproved real property to determine value for purchase, sale, investment, mortgage, or loan purposes. Develop a written appraisal, giving an opinion of the value of a property by applying knowledge of relevant market information (location, depreciation, value of similar property, income potential, etc.). There are four classes: Apprentice Appraiser; Licensed Residential Appraiser; Certified Residential Appraiser, and Certified General Appraiser.

Legislation

Statute: NH RSA 310-B

Administrative Rules: Chapter Rab 100 - 500

Certification or Licensure Requirements

NOTE: The requirements listed below are based on administrative rule changes effective January 1, 2015. All requirements are subject to change.

Apprentice Appraiser

- Submit application and application fee
- A minimum of 75 hours of qualifying coursework that has been completed within the five year period prior to the date of submission of application. A specific list of approved courses can be found in Rab 302.9 (d)
- All qualifying education must be taken in a classroom setting
- Must take an Apprentice Trainee course
- Supervisor must take a Supervisor course
- Must be supervised by a New Hampshire certified appraiser in good standing for the preceding three years in any jurisdiction in which he or she holds certification, with a minimum of three years as a certified appraiser with whom the apprentice may gain experience hours
- An affidavit signed by the apprentice's supervisor and notarized
- The apprentice must maintain an on-going log of experience hours which must be signed by the apprentice's supervisor on a monthly basis
- Submit a notarized criminal history record release form for fingerprinting

Licensed Residential Appraiser

- Submit application and application fee
- Complete a minimum of 150 hours of qualifying coursework, over half of which was obtained within the last ten years. A specific list of approved courses can be found in Rab 302.9 (f)
- 2,000 hours of work experience obtained in no less than 18 months, with at least 25 percent of the experience requirement met within the three years prior to application submission
- In addition to the above coursework, complete 30 semester hours of college-level education or attain an Associate's degree
- Board review of three appraisals, selected by the Board
- Pass examination
- Submit a notarized criminal history record release form for fingerprinting

Real Estate Appraiser (continued)

Certified Residential Appraiser

- Submit application and application fee
- Postsecondary education of a Bachelor’s degree or higher from an accredited college or university
- In addition to the degree, complete a minimum of 200 hours of qualifying coursework in a classroom setting, over half of which was obtained within the last ten years. Approved courses can be found in Rab 302.09 (g).
- 2,500 hours of work experience obtained in no less than 24 months, with at least 25 percent of the experience requirement met within the three years prior to application submission.
- Board review of three appraisals, selected by the Board
- Pass examination
- Submit a notarized criminal history record release form for fingerprinting

Certified General Appraiser

- Submit application and application fee
- Postsecondary education of a Bachelor’s degree or higher from an accredited college or university
- In addition to the degree, complete a minimum of 300 hours of qualifying coursework. A specific list of approved courses can be found in Rab 302.09 (h)
- All qualifying education must be taken in a classroom setting and at least 50 percent shall be obtained within the last ten years
- 3,000 hours of work experience, which must include at least 1,500 hours of non-residential appraisal work; experience must be obtained in no less than 30 months
- Board review of three appraisals, selected by the Board
- Pass examination
- Submit a notarized criminal history record release form for fingerprinting

| Fees | |
|-------------------------------|---|
| Application fee | \$150.00 |
| Certificate/License | \$400.00, renewable biennially |
| Apprentice fee | \$150.00 for one year, renewable annually |

Examination

Required, after completing initial application and educational and experience requirements are met. Testing is held every week.

| O*Net Codes | |
|-------------|-------------------------|
| 13-2021.00 | Appraisers, Real Estate |

Continuing Education

All Appraisers must have 14 hours of instruction per year in Board pre-approved courses. In a two-year period, seven hours of instruction must be in USPAP. Up to one half of the hours may be obtained through distance learning.

Respiratory Care Practitioner

Respiratory care is the treatment, management, diagnostic testing and evaluation of responses to respiratory or medical treatment and care of individuals or groups of individuals either having deficiencies or abnormalities of the cardiopulmonary system or requiring support of the cardiopulmonary system. Respiratory care is given in accordance with the prescription of a physician, nurse practitioner, or physician assistant. Respiratory care includes the implementation of respiratory care strategies and modalities, and the administration of pharmacological, diagnostic, and therapeutic agents necessary to implement a treatment, disease or injury prevention, rehabilitative or diagnostic regimen. Respiratory care includes, but is not limited to: initiating emergency procedures; providing health counseling and teaching; assembly, repair, testing and maintenance of respiratory equipment; and those respiratory care activities that require a substantial amount of scientific knowledge or technical skill.

Legislation

Statutes: NH RSA 326-E and 328-F
 Administrative Rules: Chapter Resp 100 - 300 and Ahp 100 - 500

School Counselor

Administer school guidance and counseling programs, which must be developmentally appropriate and designed to address the educational and career needs of all students. Guidance and counseling programs must deliver career, occupational, and educational information; student appraisal activities; placement services; and identification and referral of students in need of special services, including suicide prevention and psychiatric referrals. High school guidance programs must also provide for the delivery of career and college counseling.

Legislation

Statute: NH RSA 186
Administrative Rules: Chapter Ed 507.06 - 507.07

Certification Requirement

- Submit application for certification and non-refundable application fee
- Alternative methods of qualification for certification:

Alternative 1: Completion of an approved program of professional preparation in school guidance counseling

Alternative 2: Completion of a comparable program outside of New Hampshire

Alternative 3: Qualification based on Demonstrated Competencies and Equivalent Experiences, requiring both written examination and oral review

Specific educational requirements by position as follows:

- **School Counselor**
 1. Have completed a State Board of Education approved school counseling collegiate program at the Master's degree level or higher; or
 2. Have acquired the competencies, skills, and knowledge of a school counselor through:
 - Completion of courses related to school counseling at the Master's degree level or higher and completion of a counseling internship in a school setting; or
 - Experience in comparable positions in school counseling or other professions closely related to school counseling
- **School Counseling Director**
 1. Currently possess New Hampshire certification as a School Counselor
 2. At least three years of successful paid and progressively responsible experience in the field of school counseling, with recent leadership experience

School Psychologist

School Psychologists provide psychological services and consultation to students, parents, and educators. They help children and youth succeed academically, socially, and emotionally. They collaborate with educators, parents, and other professionals to create safe, health, and supportive learning environments for all students that strengthen connections between home and school.

Legislation

Statute: NH RSA 186
 Administrative Rules: Chapter Ed 507.08

Certification Requirements

- Meet educational requirements of:
 1. Completion of any state board of education approved Doctoral certificate of advanced graduate study/specialist, or Master’s level program in school psychology; or
 2. Meet both of the following qualifications:
 - a. Completion of at least 60 semester hours of graduate study culminating in at least a Master’s degree, of which at least 54 hours are exclusive of credit for the supervised internship experience; and
 - b. Experience in a supervised internship in a general school setting for 1,200 clock hours, full-time over one year or half-time over two consecutive years. If additional experiences are provided in mental health clinics, psychiatric hospitals, and other institutions for children, such experiences shall not replace the supervised internship in a general school setting for more than 600 of the 1,200 hours.

Security Guard

A person contracted to any entity for the purpose of providing protection of individuals or their property or assets from injury or theft and includes but is not limited to crowd control, fire watch, access control, the safe transport of money or valuable documents, personal protection, or bodyguard services.

Legislation

Statute: NH RSA 106-F
 Administrative Rules: Chapter Saf-C 2200

Licensure Requirements

- Must be a resident of the United States
- Must be at least 18 years of age
- File a surety bond for \$50,000
- Complete all forms that have been filed in accordance with the Administrative Procedures Act, and present in person to the Permits and Licensing Unit
- Two sets of fingerprints required of applicants for armed security guard
- Annual firearms qualification is required for armed security guards
- Must provide documentation of qualifications
- Must submit an application in person

Examination

Not required

Continuing Education

Armed security guards are required to meet minimum requirements in the use of firearms at least once per year including four hours of instruction in firearm techniques and safety. The commissioner of safety may adopt, pursuant to RSA 541-A, certain initial and continuing education requirements for licensed security guards, private investigators, and bail recovery agents, including but not limited to the statutory and case laws on the use of force, the laws of arrest by non-law enforcement personnel, and other issues relative to their respective occupations after consultation with the advisory board, and may certify individuals or entities including professional associations and employees of agencies deemed qualified to provide such training or education to licensees.

Septic System Evaluators, Professional

The purpose of this subdivision is to assure that a septic system evaluator performs professional services only when the septic system evaluator is qualified by education and training in the specific technical areas involved.

Legislation

Statute: NH RSA 310-A:202
 Administrative Rules: Chapter Sep 100 - 500

Licensure Requirements

- Good professional character
- Be of at least 18 years of age
- Complete classroom and field training at a Board-approved evaluator course
- Submit application with proof of passing exams, summary of technical experience, and three references
- Persons exempted from classroom and field training and from examination include:
 - A person who currently holds a Granite State septic system certified evaluator designation or other Board-recognized designation
 - A person actively engaged in the business of septic system evaluation in this state for at least five years who provides a sworn affidavit confirming performance of at least 25 septic evaluations
 - A person who currently holds a New Hampshire septic designer permit who provides a sworn affidavit confirming performance of at least 25 septic evaluations

Service Technician

A service technician installs, services, repairs, certifies, reconditions, tests, or calibrates a commercial weighing or measuring device. Such weighing or measuring devices are those that are commercially used or employed in establishing the size, quantity, extent, area, or measurement of quantities, things, produce, or articles for distribution or consumption that are purchased, offered or submitted for sale, hire, or award, or used in computing any basic charge or payment for services rendered on the basis of weight or measure. The term includes any accessory attached to or used in connection with a commercial weighing or measuring device when such accessory is so designed or installed that its operation affects, or could affect, the accuracy of the device.

Legislation

Statute: NH RSA 438:8(d)

Administrative Rules: Chapter Agr 1405

Registration Requirements

- Submit application and registration fee
- Applicants must indicate on the application form and pay a fee for each device category or categories for which the applicant desires to be registered to work. Device categories for registration purposes are as follows:

Category A: *Scales with a capacity of 30 pounds or less, except precision scales, jewelers scales, or pharmaceutical scales*

Category B: *Scales with a capacity greater than 30 pounds up to and including 300 pounds*

Category C: *Scales with a capacity greater than 300 pounds up to and including 3,000 pounds*

Category D: *Scales with a capacity greater than 3,000 pounds up to and including 20,000 pounds, except vehicle scales*

Category E: *Scales with a capacity greater than 20,000, except vehicle scales*

Category F: *Vehicle scales*

Category G: *Analytical balances*

Category H: *Retail motor fuel dispensers, except LP gas and natural gas dispensers*

Category I: *LP gas retail motor fuel dispensers*

Category J: *Natural gas retail motor fuel dispensers*

Category K: *Vehicle tank meters, except LP gas and natural gas meters*

Category L: *Bulk storage meters*

Category M: *LP gas vehicle tank meters*

Category N: *Taxi meters*

Category O: *Linear and cordage measure*

Category P: *Farm bulk milk tanks*

Category Q: *Bulk motor oil meters*

Category R: *Lift truck on board weighing systems, including refuse or recyclable materials collection trucks*

Category S: *Timing devices*

e-mail devices@agr.nh.gov

Service Technician (continued)

- Each applicant must have a current edition of NIST Handbook 44 and a current copy of the department’s weights and measures rules in his/her possession before the department issues a certificate of registration
- Applicants must possess or have available test equipment to adequately test devices for which a registration is to be issued; all test equipment must meet specifications as outlined in the applicable NIST Handbook as well as NIST Handbook 44
- Registration expiration:
 1. The expiration date for an initial certificate of registration is determined by:
 - a. If the applicant’s employer employs other registered service technicians, the applicant’s license expires at the same time as the employer’s other registered service technicians
 - b. If the applicant’s employer does not employ other registered service technicians, the applicant’s license expires at the end of the quarter with the fewest number of registered service technicians
 2. An original certificate of registration may be issued for a period of not less than three months and not more than 15 months; after the initial registration period the certificate of registration expires annually
 3. A license issued for a period of less than 12 months will be charged a pro rated fee based on the initial registration period
- Restricted certificate of registration:
 1. Permits the registrant only to remove jammed delivery tickets from commercial vehicle tank meters, bulk storage meters, or liquid petroleum gas meters
 2. Prohibits the registrant from performing any type of work on commercial weighing, measuring, or counting devices as follows: installations, servicing, repairing, reconditioning, or testing and calibration of commercial devices
 3. Expiration and renewal of a restricted certificate of registration is the same for a service technician certificate of registration

Examination

A separate examination is required for each device category in which the service technician desires to be registered. Applicant must attain a passing score of 70 percent or higher. Registered service technicians must take a written examination every six years in categories A, B, and H prior to registration renewal. Examinations are not required for a restricted certificate of registration.

Continuing Education

Coursework is not required, however, registered service technicians must obtain a current edition of the NIST Handbook 44 in December of each year

Reciprocity

Soil Scientist

Study soil characteristics and map soil types, and investigate responses of soils to known management practices to determine use capabilities of soils and effects of alternative practices on soil productivity. Classify soils according to standard types; conduct experiments on farms or experimental stations to determine best soil types for different plants; perform chemical analysis on microorganism content of soil; and investigate responses of specific soil types to tillage, fertilization, nutrient transformation, crop rotation, environmental consequences, water, gas or heat flow, industrial waste control, and other soil management practices. They also advise interested persons on rural or urban land use.

Legislation

Statutes: NH RSA 310-A:84
 Administrative Rules: Chapter Soil 100 - 500

Certification Requirements

- Must have one of the following qualifications:
 1. Be a graduate of an accredited four-year college curriculum leading to a baccalaureate degree, where the applicant successfully completed 30 semester hours in physical, biological and earth science, including 15 semester hours in soil science, and have a specific record of an additional three or more years' experience in the practice of soil science; or
 2. Be a graduate of an accredited college curriculum leading to a baccalaureate or an Associate's degree, where the applicant has completed 15 semester hours in soil science, and have a specific record of additional four or more years of experience in the practice of soil science (experience includes teaching soil science courses at the postsecondary level, summer employment, or actual field mapping in an apprenticeship program; each advanced degree counts as one year of experience); or
 3. Be a graduate of an accredited college curriculum leading to a baccalaureate or Associate's degree, or have earned the equivalent number of credits, and have a specific record of an additional six or more years in the practice of soil science

Special Education Teacher

Special Education is instruction specifically designed to meet the unique needs of an educationally disabled child aged three to 21 who has been identified and evaluated by a school district and determined to be intellectually impaired, hearing impaired, speech or language impaired or both, visually impaired including blindness, seriously emotionally disturbed, orthopedically impaired, otherwise severely health impaired, deaf, blind, multi-disabled, traumatic brain injured, autistic, or as having specific learning disabilities. General Special Education certification qualifies a teacher to teach children with disabilities who are able to benefit from general and special education but do not require the knowledge and skills of a special educator with a categorical endorsement; and whose placement is in general education for more than 50 percent of the day. Teachers working with children requiring more extensive knowledge and skills must obtain a categorical endorsement in emotional or behavioral disabilities, hearing impairment, intellectual disabilities, physical disabilities, visual disabilities, or learning disabilities.

Legislation

Statute: NH RSA 186
 Administrative Rules: Chapter Ed 507.39

Certification Requirements

- Submit application for certification and non-refundable application fee
- Minimum of a Bachelor’s degree
- General special education teachers are certified as either or both of the following:
 1. Early childhood general special education teacher for children from birth up to age eight
 2. Elementary/secondary general special education teacher for children age five up to age 21
- Alternative methods of qualification for teaching certification:
 - Alternative 1:* Completion of an approved program of professional preparation in special education
 - Alternative 2:* Completion of a comparable program outside of New Hampshire
 - Alternative 3:* Qualification based on Demonstrated Competencies and Equivalent Experiences, requiring both written examination and oral review
 - Alternative 4:* Individualized Professional Development Plan (New Hampshire residency is required)

Specialist in the Assessment of Intellectual Functioning (SAIF)

Specialists in the Assessment of Intellectual Functioning work within the special education system as members of Evaluation/Placement Teams. They are examiners for the identification of intellectual challenge and for the testing component of identification of specific learning disabilities. Assessment Specialists are qualified to perform cognitive and academic assessments as part of the identification of other educational disabilities. They may also perform a variety of services in schools outside the special education system, including cognitive and academic assessments, contributions to child study teams, and consultation.

Legislation

Statute: NH RSA 186
 Administrative Rules: Chapter Ed 507.19

Certification Requirements

- Submit application for certification and non-refundable application fee
- Hold a master’s degree and one of the following:
 - Certification from the New Hampshire Department of Education in education, school counseling, administration, speech-language specialist, or occupational therapy; or
 - A valid license as a psychologist from the New Hampshire Board of Mental Health Practice; or
 - A valid license as an occupational therapist from the New Hampshire Occupational Therapy Governing Board; or
 - A valid license as a speech-language pathologist from the New Hampshire Speech-Language Pathology Governing Board
- Have at least four years of documented school experience in education, school guidance, administration, speech therapy, or occupational therapy;
- Have successfully completed a SAIF program approved by the New Hampshire Department of Education

Tanning Equipment Operator

Operates tanning devices, controls the length of the exposure to UV light, and instructs the consumer in the proper use of the device. A tanning device is any equipment, including a sunlamp, tanning booth, and tanning bed, that emits electromagnetic radiation with wavelengths in the air between 200 and 400 nanometers and is used for the tanning of human skin. The term also includes any accompanying equipment, including protective eyewear, timers, and handrails.

Legislation

Statutes: NH RSA 313-A
 Administrative Rule: Chapter Bar 600

Registration Requirements

- Must be at least 18 years of age
- Complete a training program in tanning device operation approved by the Board in a classroom from a certified instructor
- Tanning facilities must maintain a list of the facility’s trained operators; individuals are not required to register with the Board

Teacher

Teachers instruct pupils in public or private schools at the elementary, middle, intermediate, junior high, or secondary level. At the elementary level, teach basic academic, social, and other formative skills. At other levels, teachers instruct students in one or more subjects, such as English, Mathematics, Science or Social Studies, including teachers of Career and Technical Education. Some teachers instruct adults or out-of-school youth in basic education, high school equivalency, or English as a second language.

Legislation

Statute: NH RSA 186

Administrative Rules: Chapter Ed 500 - 600

Certification Requirements

- Submit application for certification and non-refundable application fee
- Alternative methods of qualification for teaching certification:

Alternative 1: Completion of an approved program of professional preparation in education

Alternative 2: Completion of a comparable program outside of New Hampshire

Alternative 3: Qualification based on Demonstrated Competencies and Equivalent Experiences, requiring both written examination and oral review

Alternative 4: Individualized Professional Development Plan, restricted to critical shortage areas, certain career and technical specialty areas, and business administrators (New Hampshire residency is required)

Alternative 5: A site-based Individual Certification Plan, an on-the-job training option allowing an individual to attain certification in elementary and secondary teaching areas if he/she meets academic requirements of an entry-level baccalaureate with 30 credits in the content area and an overall GPA of 2.5 or better, and if a local school district is willing to assume the responsibility for training and supervising the teacher candidate (New Hampshire residency is required)

Beginning Educator Certificate

- Issued to individuals with less than three years of teaching experience, including teaching experience at the elementary and secondary levels of education
- Must meet one of the above qualifications for a credential and successfully complete the application process
- Beginning educator certificates are issued for a period of three years
- Upon completion of three years of full-time teaching experience while maintaining a valid credential, a beginning educator is qualified for an experienced educator credential

Experienced Educator Certificate

- At least three years of full-time experience as an educator at the elementary and secondary levels of education
- An experienced educator credential shall be issued for three years

Teacher (continued)

Intern License

- Submit application
- Currently be employed full-time in the field of education in a New Hampshire public school
- Intern licenses are granted for the duration of the individualized development plan or the site-based certification plan
- Educators who have held a valid intern license for up to three consecutive school years shall receive a beginning educator credential after the Bureau receives the required report of completion under the individualized development plan or superintendent’s statement regarding completion of the site-based certification plan

Master Teacher Certificate

- Hold an experienced educator certificate from the State of New Hampshire
- Academic preparation including a Master’s degree and graduate coursework in curriculum development, supervision, and evaluation
- Have demonstrated quality teaching to be satisfied by meeting professional criteria developed by the professional standards board and approved by the State Board of Education, which criteria shall include:
 1. Quantitative evaluations of teaching quality from students, parents, peers, and administrators;
 2. At least three classroom observations of the candidate by an independent observer from outside the candidate’s school district; and
 3. At least four significant and rigorous written tasks and exercises
- Have at least seven years of full-time experience as an educator in the applicant’s area of endorsement within the past ten years
- A master teacher certificate shall be issued in the following areas of endorsement: Art; Assessment of intellectual functioning; Bilingual education; Comprehensive technology education, including industrial arts; Computer technology; Early childhood education; Elementary education; English; English as a second language; Foreign languages; Guidance; Health; Family and consumer science; Secondary mathematics; Middle/junior high school mathematics; Media; Music; Physical education; Science, including the areas of Biology, Chemistry, Earth science, General sciences, Physical science, and Physics; Social studies; Theatre arts; and Career and technical education

Examination

Initial certification requires passing the PRAXIS I pre-professional skills test (PPST) and PRAXIS II, if applicable. The State Board has approved a composite score option for PRAXIS I. Candidates must have an overall score of 518 or higher and a minimum passing score of 172 for Reading; 170 for Writing; and 170 for Mathematics. Veterinarian

Veterinarians diagnose, treat, correct, change, relieve, or prevent animal disease, lameness, deformity, defect, injury, or other physical or mental conditions. They may prescribe or administer drugs, medicine, biologic, apparatus, application, anesthetic, or other therapeutic or diagnostic substance or technique, or use manual or mechanical procedures for testing for pregnancy, for correcting sterility or infertility, or provide advice or recommendations regarding veterinary surgery, obstetrics, dentistry, and all other branches or specialties of veterinary medicine. Includes the practice of acupuncture on animals.

Legislation

Statute: NH RSA 332-B
 Administrative Rules: Chapter Vet 100 - 700

Licensure Requirements

- Must be at least 18 years of age
- Must be of good professional character
- A graduate of an accredited veterinary school or the holder of an Educational Commission for Foreign Veterinary Graduates (ECFVG) certificate or Program for the Assessment of Veterinary Equivalence (PAVE) certificate
- Passing scores on the National Board examination and the Clinical Competency Test or the North American Veterinary licensing exam
- Two letters of recommendation sent directly to the Board from practicing veterinarians or veterinary professors who have detailed knowledge of the applicant's practice in the last five years.

Examination

Written examinations required — state and national boards

Continuing Education

- 24 hours of continuing education are required biennially. New graduates within 12 months of application require 12 hours of continuing education.

Reciprocity

Permitted, but examination is still required. The Board may issue a license without examination to an applicant under conditions described in RSA 332-B:11.

Wastewater Treatment Plant Operator

Wastewater Treatment Plant Operators operate mechanical equipment in wastewater treatment facilities in order to remove harmful waste products from water and to render it environmentally acceptable. They maintain pumps, pipes, valves, and processing equipment to move wastewater through collection systems and through various treatment processes. They read and interpret meters and gauges. They also operate chemical-feeding devices, perform laboratory analysis, and keep records of their work. They must be familiar with electricity, mechanics, chemistry, microbiology, hydraulics, and a host of other disciplines.

Legislation

Statute: NH RSA 485-A

Administrative Rules: Chapter Env-Wq 304

Licensure Requirements

- Satisfactory physical condition
- Satisfactory moral character
- High school graduate
- College according to grade (see below)
- Able to read and write in the English language

Examination

Applicants without experience will be allowed to take the Grade I examination

and, if successful, they will receive a Grade I Operator-In-Training (O-I-T) certificate. The experience and education requirements (in years) for the various grades are as follows:

| Grade | Experience | Education |
|-----------|------------|--|
| I O-I-T | None | Grade I after one year full-time |
| I | 1 year | High school (HS) or high school equivalency (HSE) certificate |
| II O-I-T | None | HS/HSE plus one-year wastewater certificate |
| II | 1 year | HS/HSE |
| II | 3 years | HS/HSE |
| III O-I-T | 2 years | HS/HSE plus 90 Continuing Education Units (CEU) or two years college |
| III | 4 years | HS/HSE plus 90 CEU or two years college |
| IV O-I-T | 4 years | HS/HSE plus 90 CEU or two years college |
| IV | 6 years | HS/HSE plus 90 CEU or two years college |

Applicants who achieve a score of 70 percent or higher on the O-I-T exam must complete the full experience requirement prior to receiving a full license grade. Applicants who take the Grade I examination and achieve a score of 70 percent or higher will receive a Grade I license. Applicants achieving a score of 70 percent or higher on the written exam for Grades II, III, or IV may be required to attend an interview with the Certification Committee as a second step of the certification process.

contact Mary Jane Meier

e-mail maryjane.meier@des.nh.gov

Wastewater Treatment Plant Operator (continued)

Continuing Education

For grades I and I O-I-T, one continuing education unit (CEU) is required in a relevant field of study per renewal period. All grades may carry forward 50 percent of the required total of renewal credits to the renewal period immediately following the renewal period in which it was earned. For Grades II and above, two CEU in a relevant field of study are required per renewal period. Ten hours of education equals one CEU; one college credit equals 1.5 CEU.

Reciprocity

Handled on a case-by-case basis by the Certification Committee. Certificates may be issued, without examination, in a comparable classification to other states, provided the individual holds a valid certificate issued by an appropriate agency and he or she is actively seeking employment in New Hampshire. Certification must have been issued by examination in the other state. Grade IV certificates are not available by reciprocity.

Water Treatment Technician

Water Treatment Technicians install, maintain, or repair apparatus for treating or processing water to modify, enhance, or improve its quality, and the pipes, fittings, and other components servicing such apparatus.

Legislation

Statute: NH RSA 153:27 through 153:38
 Administrative Rules: Chapter Saf-Mec 100-500

Certification Requirements

Certification of individuals is voluntary and not required

- Act as a water treatment trainee by engaging in learning about and assisting in installing, maintaining, or repairing water treatment systems under the direct supervision of a certified water treatment technician for a period of not less than one year
- Pass examination
- Corporations, partnerships, limited liability companies, or other business entities that install, maintain, or repair water treatment systems may be certified without examination provided the entity designates one employee to be certified in accordance with the statute and rules
- The board may issue certification without examination to those water treatment technicians who provide adequate documentation of having operated in the capacity of a water treatment technician for a period of at least one year prior to January 1, 2004, and who pay the required fees

Examination

Water Well Contractor

Water Well Contractors operate machinery to dig or drill for water, and ensure that wells are installed and maintained in a proper condition that does not cause contamination or pollution of the water supply. A contractor license is required of any entity or individual engaged in well construction. Water well construction means any method, procedure, or operation to obtain water from a well, including drilling, digging, well development (by hydro fracturing or other methods), well decommissioning, and wells for geothermal heat exchange.

Legislation

Statute: NH RSA 482-B
 Administrative Rules: Chapter We 100 - 1000

Licensure Requirements

- Be actively engaged in the trade for a period of three years prior to the date of application, with experience directly related to the type of license issued
- One year of experience for drilling contractors shall be in drilling water wells in crystalline rocks of the Appalachian region
- Pass an examination prepared and administered by the Board
- Obtain the appropriate license from the Board

Weighmaster

A Weighmaster is an individual, who for hire or otherwise, weighs, measures or counts any commodity that is to be transported by vehicle or may be transported by vehicle and issues a statement or memorandum of the weight, measure or count which is used as the basis for either the purchase or sale of that commodity or charge for service. Included is any person who performs such services as an independent contractor, a person who for hire or otherwise exercises independent employment, contracts or agrees to weigh, measure, or count any commodity and issues a statement or memorandum of the weight, measure, or count which is used as the basis for either the purchase or sale of that commodity or charge for service. The following are not considered weighmasters and therefore need no license: producers of agricultural commodities or livestock who weigh commodities produced or purchased by them or another producer, when no charge is made for the weighing or when no signed or initialed statement or memorandum is issued of the weight upon which a purchase or sale of the commodity is based; persons who purchase scrap metal or salvage materials for a nonprofit recycling program; pest control operators licensed under RSA 430:28-48; and individuals involved with the purchase of logs, except weighing functions.

Legislation

Statute: NH RSA 438:8(e)
 Administrative Rules: Chapter Agr 1403

Licensure Requirements

- Must be at least within 30 days of being 18 years of age
- Must be a United States citizen; or a legal resident of the United States
- Submit application, and application fee
- Pass examination
- License expiration:
 1. The expiration date for an initial weighmaster license is determined by:
 - a. If the applicant’s employer employs other licensed weighmasters, the applicant’s license expires at the same time as the employer’s other employed weighmasters
 - b. If the applicant’s employer does not employ other licensed weighmasters, the applicant’s license expires at the end of the quarter with the fewest number of licensed weighmasters
 2. An initial weighmaster license may be issued for a period of not less than 15 months and not more than 27 months; after the initial licensing period the weighmaster license expires biennially
 3. A license issued for a period of less than 24 months will be charged a pro rated fee based on the initial licensing period

Wetlands Scientist, Certified

Use special knowledge of hydric soils, hydrophytic vegetation, and wetland hydrology to delineate wetland boundaries and prepare wetland maps, classify wetlands, prepare wetland function value assessments, design and implement wetland mitigation, monitor wetlands functions and values, and prepare associated reports.

Legislation

Statute: NH RSA 310-A:75-96
 Administrative Rules: Chapter Soil 100-500

Certification Requirements

- Must have satisfactory evidence of good professional character
- Successfully pass an examination which includes references to wetland characteristics in New England
- Meet one of the following educational requirements:
 1. Be a graduate of an accredited college curriculum with a baccalaureate or an Associate's degree, including successful completion of a minimum of 24 semester hours in any of the following environmental sciences: botany, soil science, hydrology, wetland science, biology, forestry, wildlife, ecology, water resources, plant science, agronomy, geology, or earth science, and have one or more years experience in the practice of wetland science; or
 2. Have a minimum of 12 combined credit or non-credit semester hours in any of the environmental sciences listed above, and have three or more years experience in the practice of wetland science
- Have experience in the field of wetland science, gained through one of the following:
 1. Teaching wetland science courses or performing research in wetland science at an accredited college, university, or institution offering an approved wetland science or wetland ecology curriculum; or
 2. Actual field experience gained in an acceptable apprenticeship program; or
 3. Actual field mapping experience, defined as the delineation of wetland boundaries and the preparation of wetland maps in accordance with standards for the identification of wetlands adopted by the Department of Environmental Services or the United States Army Corps of Engineers or its successor
- Educational training shall not be considered as experience; summer employment shall be considered experience.

Wildlife Control Operator

Wildlife Control Operators are engaged in the practice of trapping nuisance animals outside the regular season. Nuisance animals are wildlife that a landowner wants excluded or removed to protect their family or property from injury or destruction by the wildlife. There are two types of licenses: Level I and Level II. Level I operators may only trap fur bearers, woodchucks, porcupines, opossum, and coyote outside the season. Level II operators are engaged in the commercial practice of trapping nuisance animals.

Legislation

Statute: NH RSA 210:24-b
 Administrative Rules: Chapter Fis 308

Licensure Requirements

Level I Wildlife Control Operators

- Must be a New Hampshire licensed trapper, requiring a certificate of competency, or proof of completion of a trapper education course, or proof of a previously issued trapping license issued by this state, or any other state, province, or country
- Submit annually by June 30 a report on all furbearing animals killed during the open season for trapping wildlife and all nuisance furbearing animals killed outside the open trapping season during the previous year for the period June 1 through May 31
- Level I wildlife control operators may only trap furbearers, woodchucks, porcupines, opossum, and coyote outside of the season

Level II Wildlife Control Operators

- Complete a six-hour workshop covering topics related to wildlife control or be certified by the National Wildlife Control Operators Association (NWCOA), or have held a previous Level II Wildlife Control Operators license
- Submit annually by June 30 a report on all nuisance furbearing animals killed outside the open trapping season and, if the operator also holds a regular trapping license, on all furbearing animals killed during the open season for trapping wildlife during the previous year for the period June 1 through May 31

Appendix D: Apprenticeship Program, State of NH

Registered Apprenticeship (RA) is designed to provide the systematic skills training that lead individuals to profitable employment in a wide variety of occupations. RA is an employer-based training program combining mentored on-the-job learning with related technical instruction in all aspects of an occupation, resulting in broad-based technical skills supported by theoretical knowledge. RA Programs may be Time-Based, Competency-Based or a Hybrid of suggested time and competencies.

Employers participate as sponsors of apprenticeship programs. A program can be designed to assist most employers in training their employees in skilled occupations. Employers may select apprentices from incumbent workers or from qualified applicants.

How the Program Works

- The Office of Apprenticeship (OA) is not a provider of on-the-job learning or related instruction, but performs the following services:
 1. Develops Standards of Apprenticeship to include on-the job learning and related instruction outlines as a training plan for employers who wish to develop a highly skilled workforce.
 2. Monitors the training given in the field to ensure that it is given in accordance with established standards and provides Technical Assistance (TA) to ensure the quality of the program for both the employer and the apprentice.
 3. Coordinates with the New Hampshire Department of Education and other approved training providers for related classroom instruction. Such instruction may be classroom, correspondence, or on-line.
 4. Acts as the Registration Agency for approving apprenticeship programs, registering apprentices, and providing TA as needed.
 5. Upon completion of the apprenticeship issues a portable skills credential (Certificate of Completion) to the apprentice.
- Apprenticeships require a minimum of 2,000 hours of training but can vary from one to five years to complete depending on the occupation and the accepted industry practice.
- More than 75 percent of the apprentices are enrolled in programs in five construction trades: carpenters, electricians, ironworkers, plumbers, and sheet metal workers. Apprenticeships can also be developed in other industries requiring manual, mechanical, or technical skills and knowledge. Industries include advanced manufacturing, healthcare, transportation, Information Technology, and hospitality.
- RA is an “earn while you learn” talent development strategy and wages paid to apprentices progressively increase, per the Standards of Apprenticeship, consistent with the increasing skill level of the apprentice. The entry wage shall be not less than the state minimum and at the conclusion of apprenticeship will be the wage paid to the employers’ journey workers.

Appendix D : Apprenticeship Program, State of NH (continued)

- Apprenticeship is an excellent choice for women and minorities who need increased access to high-paying jobs. Women and minorities are strongly encouraged to apply for apprentice training opportunities and jobs.

Requirements

- Apprentices must be at least 16 years old and capable of safely performing the work of the occupation.
- Related Instruction must supplement the on-the-job learning.
- Selection of apprentices must be “without discrimination because of race, color, religion, national origin, sex, sexual orientation, age (40 or older), genetic information, or disability”.

Appendix E: New Hampshire Police Standards and Training Council

The New Hampshire Police Standards and Training Council is responsible for providing basic mandatory training for all full-time and part-time law enforcement officers. They must complete the basic school for their requested certification within six months of hire. State Troopers, Sheriffs and Deputy Sheriffs, Conservation Officers, Liquor Investigators, Gaming Investigators, Corrections Officers, Probation and Parole Officers, University Police Officers, and Marine Patrol Officers, as well as Municipal Police Officers all attend training at New Hampshire Police Standards.

Individuals must already be employed by a law enforcement agency to attend the Academy; outside students are not accepted. The local police department pays the student's salary while he or she attends. For full-time officers, a 16-week residency is required. The school is run according to paramilitary discipline, with reveille at 5:30 am and "lights out" at 9:30 p.m.

PSTC also conducts academies for part-time law enforcement officers, who must complete a 200-hour curriculum. These are usually commuter (non-residential) schools with classes at night and on the weekends.

State Corrections Officers are required to attend a nine-week Corrections Academy held at the Police Training Facility in Concord, including both physical and classroom training, within six months of hire. State Probation and Parole Officers employed by the New Hampshire Department of Corrections are required to attend 208 hours of basic training and become certified within six months of hire. The Council approves a five-week curriculum for County Corrections Officers, who are trained by the New Hampshire Association of Counties.

The Council also holds periodic in-service training seminars and schools for full-time and part-time officers, regionally and in Concord. These are non-mandatory and at no cost to the student, but he or she must be an active police officer in order to attend.

Academy Pre-Entry Requirements

- Must be hired by a law enforcement agency
- High school diploma or GED
- No serious criminal or motor vehicle record
- Good credit history
- Pass a background investigation and a fingerprint check
- Pass a psychological evaluation and a medical exam by a licensed health professional
- Pass a physical fitness test
- Meet minimum visual acuity and hearing standards
- Must be a United States citizen

Appendix E: New Hampshire Police Standards and Training Council (continued)

Academy Graduation Requirements

Part-Time Officers

- Must complete a 200-hour part-time curriculum
- Must pass a background investigation, medical exam, and psychological evaluation
- Achieve a satisfactory grade in each academic module of the program
- Successfully complete all practical requirements to include driving, firearms, and defensive tactics
- Attend at least eight hours of ongoing training in other subjects annually, exclusive of firearms training, first aid and CPR certificate renewal, and defense tactics refreshers
- Complete annually required Use of Force training and firearms qualification
- Officers hired after January 1, 2001, are required to pass physical fitness tests and medical examinations every three years during their active service

Full-Time Officers

- Attend a 16-week residency at the Academy
- Must pass a background investigation, medical exam, and psychological evaluation
- Achieve a satisfactory grade in each academic module of the program
- Successfully complete all practical requirements to include driving, firearms and defensive tactics
- Attend at least eight hours of ongoing training in other subjects annually, exclusive of firearms training, first aid and CPR certificate renewal, and defense tactics refreshers
- Complete annually required Use of Force training and firearms qualification
- Officers hired after January 1, 2001, are required to pass physical fitness tests and medical examinations every three years during their active service

Corrections Officers

- Must complete a nine-week curriculum
- Applicants must pass a physical fitness test, background investigation, medical exam and psychological evaluation before entering
- Achieve a satisfactory grade in each academic module of the program
- Successfully complete all practical requirements to include firearms and defensive tactics
- Attend at least eight hours of ongoing training in other subjects annually, exclusive of firearms training, first aid and CPR certificate renewal, and defense tactics refreshers
- Complete annually required Use of Force training and firearms qualification (if issued)
- Officers hired after January 1, 2001, are required to pass physical fitness tests and medical examinations every three years during their active service

Appendix E: New Hampshire Police Standards and Training Council (continued)

Reciprocity

- Anyone currently serving as a certified, Academy-trained, full-time police officer in another state may be eligible become certified through the reciprocal certification program
- All pre-hiring background investigations, medical and psychological exams, and physical fitness tests are still required
- The Corrections Academy is not reciprocal; all applicants must attend the entire nine-week course here in New Hampshire

Fees

All associated costs are paid by the employer.
