

Manufactured Housing Installer

Perform the installation of manufactured houses, which means the placement of a manufactured house on a permanent or temporary system. This includes, but is not limited to, supporting, restraining, blocking, levelling, securing, anchoring, and connection of plumbing, heating, cooling, and electrical systems and the multiple or expandable sections of the house. Installation includes site preparation. For purposes of this regulation, a manufactured house is any structure, transportable in one or more sections, which in the traveling mode is eight body feet or more in width and 40 body feet or more in length, or when erected on site is 320 square feet or more, and which is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to utilities. Excluded are campers and recreation vehicles, pre-site built housing, and modular buildings.
