

PHARMACY TECHNICIAN

Pharmacy Technicians assist in performing, under the supervision of a licensed pharmacist, manipulative, nondiscretionary functions associated with the practice of pharmacy. They are limited to performing tasks in the preparation of legend drugs and devices and to provide nonjudgmental technical support services. All tasks and functions undertaken by the pharmacy technician must be verified and confirmed for correctness, exactness, accuracy, and completeness by the pharmacist-in-charge.

Legislation

Statutes: NH RSA 318:5-a
Administrative Rules: Chapter Ph 800

Examination
