

Physician / Surgeon

Physicians diagnose, treat, perform surgery, or prescribe any treatment of medicine for any disease or human ailment. Surgery is any procedure, including but not limited to laser, in which human tissue is cut, shaped, burned, vaporized, or otherwise structurally altered.

Legislation

Statute: NH RSA 329
Administrative Rules: Chapter Med 100 - 500

Licensure Requirements

- Must be at least 21 years of age
- Must be of good professional character
- Complete at least two years of pre-medical coursework prior to acceptance into medical school
- Applicants who have graduated from medical schools located in United States or Canada shall confirm that the medical school is accredited by the Liaison Committee on Medical Education (LCME)
- Applicants from medical schools located outside the United States or Canada shall maintain the academic standard recognized by United Nations World Health Organization (UNWHO) and have their studies confirmed by the Educational Commission for Foreign Medical Graduates (ECFMG)
- Must complete at least two years of post-graduate training at an institution accredited by the Accreditation Council for Graduate Medical Education (ACGME) or the American Osteopathic Association (AOA)
- Applicants for initial permanent licensure or endorsement must submit a notarized criminal history record release form along with a complete set of fingerprints taken by a qualified law enforcement agency or authorized employee of the New Hampshire Department of Safety
