Plumber, Journeyman

Plumbers assemble, install, and repair in buildings the pipes, fittings, fixtures and other apparatus of water and drainage systems for bringing in the water supply and removing liquid and water carried wastes, according to specifications and plumbing codes. Plumbing applies to pipes within the foundation wall of the building or within one length of pipe from the building. A Journeyman Plumber customarily performs the work of installing plumbing and drainage under the direction of a Master Plumber.

Legislation
Statute: NH RSA 153:27 through 153:38
Administrative Rules: Chapter Saf-Mec 100-500

Licensure Requirements
