Long Term Care Stabilization Program
Frequently Asked Questions – Release #4

1. Can you clarify which Executive Staff are not eligible for the program? Can you clarify if Directors are eligible for the stipend if they are doing frontline work?

Executive staff such as CEOs, Administrators, COOs, CFOs, and Executive Directors that are responsible for the overall administration of the provider organization are not eligible for the program. Directors, excluding Executive Directors, are eligible for the program if they provide frontline work for a minimum of 7.5 hours for the part time stipend and 30 hours minimum for the full time stipend. Employers will need to document that the Director completed the necessary frontline work to be eligible for the weekly stipend.
